

Town Council Packet

September 24, 2019 @ 7:00pm

Budget Work Session Conference Room 6-7pm

GUIDELINES FOR PUBLIC INPUT

Public Input is a vital and important portion of every meeting and will be permitted throughout the meeting, but according to the following guidelines:

- a. Public input is allowed during the Agenda identified <u>Public Input</u> and <u>Public Hearing</u> portion of the meeting.
 - i. If you would like to address the meeting during the appropriate times, please raise your hand and when called upon you will be asked to come to the podium. *Announce your name* so that your statements can be adequately captured in the meeting minutes.
 - ii. Please keep your comments to 3-5 minutes as others may want to participate throughout the meeting and to insure that the subject does not drift.
- b. Throughout the meeting agenda calls for public input will be made, generally pertaining to specific action items. Please follow the same format as above.
- c. At the conclusion of the meeting, if the meeting chair believes additional public comment is necessary, the floor will be open.

We hope that this guideline will improve the effectiveness and order of the Town's Public Meetings. It is the intent of your publicly elected officials to stay open to your feelings on a variety of issues.

Thank you, Rangely Mayor

- 9. Committee/Board Meetings N/A
- 10. Reports From Council Alisa Granger will be attending Club 20 meeting on September 20th.
- 11. Supervisor Reports See Attached
 - a. Jeff Lebleu Reported water leak at the high school. We were able to help with the town's equipment. Getting flower beds on Main Street ready after all the construction. Fixing the handicap parking space to have more room for wheelchairs to get out. Street Sweeper is still out cleaning almost daily. Helping the contractors on Main Street daily. The water break area on Main Street in front of Family Dollar is getting worked on as needed. It is just a cold patch and will settle and we will continue to add as needed. We worked on resetting a valve can at Blue Mountain Inn. Repaired curb stop on East Rangely. Removing and pruning of trees. Sprayed for mosquitos, especially before Septemberfest. Jeff wanted to recognize that employee did an exceptional job. Looking at doing more fogging instead of aerial next year. Last seasonal worker worked their last day on September 10th. Have been working on the Budget for 2020. CDOT's project on Main Street should be done the week with clean up being done by next week. Water line at the school is a work in progress. The school indicated they are waiting on parts. They have two hydrants that are the Town's on a private system.

12. Reports from Officers – Town Manager Update – Office staff is back to 5-8's. Other departments will be at the end of the month. We conducted an interview with the first Marketing Coordinator prospect. We will be interviewing the second on September 13th and will report to the council after both interviews are complete. Marybel and I are working on new employee evaluations. We are also working on updating our Personnel Manuel. Kelli has been working on the Safety Policy with the safety committee.

13. Old Business

14. New Business

- a. Discussion and action to approve the August 2019 Check register Luke made a notation that the Clerks name on the Check Register be changed, Erica was still listed. Motion made by Tyson Hacking to approve the August 2019 Check Register, second by Matt Billgren. Motion passed
- b. Discussion and action to approve the renewal of the liquor license for El Agave Restaurant Motion made by Luke Geer to approve the renewal of the liquor license for El Agave Restaurant, second by Alisa Granger.
 Motion Passed
- c. Discussion and action to approve the shop n dine 2019 budget for \$9,500 for November Shop n Dine invigorates our sales tax. Motion made by Tyson Hacking to approve the shop n dine 2019 budget for \$9,500 for November, second by Luke Geer. Motion passed
- d. Discussion and action to support the nomination of Alden Vandenbrink for the Rio Blanco County Municipal representative to the Yampa-White-Green Basin Round Table Alden Vandenbrink with the water conservancy district was present. He is Rio Blanco County's representative for the Colorado River District. He has been the VP with the Yampa-White-Green Basin Round Table. He is representing the Town of Rangely and the Town of Meeker. His term is up in November and is starting to ask for support now for renewal. Alden is asking for a Letter of support. Motion made by Tyson Hacking to support the nomination of Alden Vandenbrink for the Rio Blanco County Municipal representative to the Yampa-White-Green Basin Round Table, second by Matt Billgren. Motion passed

September 9, 2019

Dear Chief Hamblin,

Last year CNCC Athletics tried a new fundraising event that would be different for the community and a great event for bringing funds into the athletic department. The idea was a Murder Mystery Dinner. Last year we provided a unique and fun experience to our guests and we would like to duplicate this. We received incredible feedback from the community on our event and we cannot wait to host it again. This year's theme will be Rockin' 80's and we are already booking tables for the event. During our event last year we were able to sell beer and wine. This went over very well and gave us a boost in money towards our overall fundraising goal. Last year we had security in place with alcohol being distributed. We intend to follow the same plan as last year's event, due to it working so well and running smoothly. My plan for security and ID checking is attached, along with a layout of the Colorado Room at CNCC to show where the alcohol table will be located. Last year we had 98 guests. This year we are projecting to have just over 150. If the event does grow, like we hope, we plan to have three security members.

I want to thank you for your time and consideration for the liquor permit to serve at our event. If any questions arise, please contact me at 970.675.3356.

Thank you,

Candra Robie

Athletic Director

Colorado Northwestern Community College

indra Rober

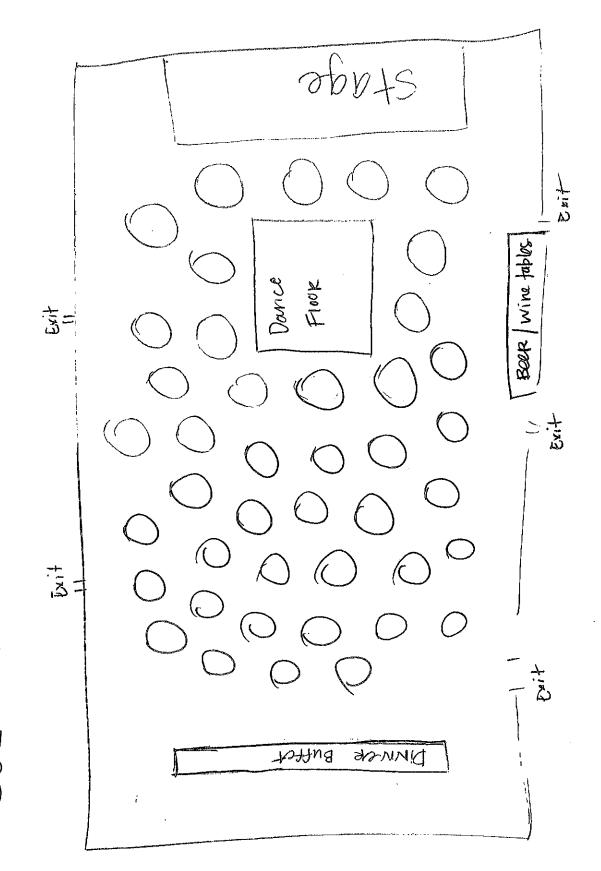

CNCC Athletics - Murder Mystery Dinner Fundraiser - October 12th

Security and alcohol regulations:

- -National Park Service (NPS) will provide 2 cadets as security for the event
- -There will be two points of ID check at the event:
 - -Point 1: At the main door where guests will provide their ticket to get into the event
 - -Point 2: At the table that will be selling and disturbing alcohol
- -Any persons under the legal drinking age of 21 will be given a red wristband along with a permeant black marker 'X' on their right-hand.

From: Interim Chief Hamblin

RE: Special Event Permit for CNCC Foundation Fundraiser "Murder Mystery" Dinner

liquor license

Date: September 13th, 2019

I have reviewed the application for CNCC Foundation Fundraiser "Murder Mystery" Dinner liquor license. This event has previously been held with no issues. All alcohol sales will be governed by local ordinance and state laws. I see no issues with issuance of this liquor license.

Interim Chief Hamblin

PROPOSITION DD FAQs

What is Proposition DD?

Proposition DD implements a 10% tax on newly-authorized casino sports betting to fund a systematic and bipartisan effort to preserve Colorado's water future. A small portion of the revenue from the tax will be used to regulate and enforce gaming, and the vast majority of the proceeds — 93% in all — will be used to fund the "Colorado Water Plan".

Who pays the new tax and how much will it be?

Under Proposition DD, only casinos or the vendors who operate a casino's sports betting would pay the 10% tax. The casino tax would generate an estimated \$29 million annually, according to state projections.

DD funds the Colorado Water Plan. What's that?

The Colorado Water Plan is a comprehensive strategy adopted by a wide-ranging group of water leaders to address Colorado's future water needs. Backed by rural and urban water providers, farmers, ranchers, environmentalists, and respected leaders on both sides of the aisle, the plan is a broad-based effort to provide clean and safe drinking water to the people of the state, in a way that protects the state's agricultural and recreational industries, and assures river and stream health. The plan was released in 2015 after the largest civic engagement process in Colorado history. It is described by its authors as "a road map to lead to a productive economy, vibrant and sustainable cities, productive agriculture, a strong environment, and a robust recreation industry. It sets forth the measurable objectives, goals, and actions by which Colorado will address its projected future water needs and measure its progress." The plan was shaped by over 30,000 comments from across the state, and input from over 150 diverse entities. Learn more: https://www.colorado.gov/pacific/cowaterplan/plan

Why is the Colorado Water Plan a priority now?

- 1. Colorado's population is expected to double by 2060, and at current usage rates Colorado's water supply will not keep up with Colorado's population into the future. With these pressures mounting, it is critical that we conserve and protect our water resources to ensure that there is enough water for everyone.
- Colorado and the American West are facing challenges from growing populations to drought, we must invest in our water systems to preserve Colorado's way of life and water values. We must ensure farms and ranches remain productive, recreation, communities and nature have healthy flowing rivers and cities have reliable, clean, safe drinking water supplies.

Has something like Proposition DD been done before?

Proposition DD is modeled after the Colorado Lottery, which funds Colorado's parks and open space through Great Outdoors Colorado. Colorado has a long history of passing narrowly-tailored taxes on specific industries or activities to fund critical state needs. In this case, the new levy is a \$29M tax on casino sports betting, and the critical state need is funding for the Colorado Water Plan.

Continued on next page...

PROPOSITION DD FAQs, cont.

Why are we talking about legalizing sports betting now?

Decades ago, a bill was rushed through the US Congress giving Las Vegas an effective monopoly on sports betting. It succeeded in doing only two things: making Las Vegas casino owners rich and creating a massive unregulated black market on sports betting that's been estimated at more than \$100 billion annually.

Last year, the Supreme Court ruled the Las Vegas monopoly was unconstitutional and states could decide if they want to offer legal sports betting. In the wake of that decision, 15 states have taken advantage of the new rules, creating a regulated sports betting market in their state, while cracking down on unregulated black-market sports betting.

Earlier this year, on an overwhelming bipartisan vote, the Colorado State Legislature voted do the same, asking the voters to approve and tax a tightly-regulated sports betting market through Colorado's mountain casinos. Only the mountain casinos would be eligible for a license to allow sports betting.

How would sports betting work if Proposition DD passes?

In-person and online bets would be allowed. They must be placed in Colorado and would be limited to those age 21 and older. Beginning in May 2020, sports betting would be allowed — if approved by local voters — both in-person at casinos in Black Hawk, Central City, and Cripple Creek and through their operators.

What types of sports betting will be allowed under Proposition DD?

Sports bets will be allowed on professional, collegiate, international, and Olympic sporting events, as well as sanctioned motor sport events. Proposition DD limits betting on college sports by prohibiting bets on individual performance or events during the game. Betting will not be allowed on high school sporting events or unsanctioned video game competitions.

How will casinos be taxed?

The federal government charges a 0.25 percent excise tax on the total amount wagered on sports. Proposition DD will establish a tax of 10 percent on the net sports betting proceeds (the amount kept after payouts to winners and the .25% federal excise tax) of casinos or their sports-betting operators. In other words, the tax functions as a 10% tax on a casino's sports betting profits.

What other types of gambling are legal in Colorado?

Almost 30 years ago, Colorado voters legalized limited stakes (\$100 or less) gambling in casinos located in Black Hawk, Central City, and Cripple Creek. Colorado also permits gambling on horse racing, simulcast horse and dog races, the state lottery, and bingos and raffles sponsored by nonprofit organizations.

YES

I SUPPORT PROPOSITION DD

Colorado has grown from about 1 million residents in 1930 to more than 5 million today. Our population is expected to nearly double by 2050 and - given current usage - our water supply will not keep up.

We must act now to conserve and protect our water resources to ensure there is enough water for everyone.

Thirty years ago, Colorado created a lottery and used its proceeds to pay for parks and open space through the Great Outdoors Colorado (GOCO) program. Proposition DD follows the GOCO model by legalizing and taxing sports betting and using proceeds to protect and conserve our water resources.

Proposition DD creates a 10% tax on licensed casino sports betting which is expected to generate \$29 million a year. The proceeds from the casino sports betting tax will fund the Colorado Water Plan, which includes systematic efforts to assure access to clean and safe drinking water for Colorado's growing population, availability of water to farmers, ranchers, recreational-water users and river and stream conservation, and protection of Colorado's legal share of water under river compacts and water agreements with other Western states.

Join us in delivering a Win for Colorado's Water. Vote Yes on Proposition DD.

From: Dinosaur Diamond Board of Directors

RE: We Need You To Join The Dinosaur Diamond Scenic Byway in Grand County, Utah

The Byway is an incredible entity that has evolved over the years, thanks to the hard work of many of its members. The Dinosaur Diamond Board is comprised of volunteers who's backgrounds and professional talents add to the diversity of the Board. This board remains committed to bringing more awareness about the Dinosaur Diamond to potential visitors. We are striving to push the Byway and our members forward to produce a modern and energetic tourism draw.

The Byway achieved National designation in 2002. Since that time, it has promoted sites, facilities, and attractions through interpretive programs, brochures, and articles. Go to the Federal Highway Administration website http://www.fhwa.dot.gov/byways/byways/2474 for information and maps. The byway is an engaging experience for travelers from all over the world to learn about dinosaurs.

The Dinosaur Diamond Board is making a concerted effort to promote and market the Byway with printed and online downloadable materials. *Members joining the Dinosaur Diamond will be spotlighted on the Social Media page, listed on the members page and spotlighted upon joining.* We would need to have your current logo and short bio about your business. Having information readily available to all of our visitors encouraging them to visit the Byway and stay along the way. We would also provide a Dinosaur Diamond National Scenic Byways Sticker for you to display at your business.

Attached is a request for a contribution to the Dinosaur Diamond as originally established by the Board of Directors. Your support will allow the Dinosaur Diamond Scenic Byway to apply for matching grant funding. We hope you agree that the Byway is important to increase visitors through the dissemination of factual up-to-date information that fosters curiosity, and enthusiasm for the Dinosaur Diamond Scenic Byway.

Your continued support of the Dinosaur Diamond will allow us to achieve our objectives.

Grand County, Emery, Carbon County, Duchesne, Uinta Counties are the Utah portion of the Dinosaur Diamond Prehistoric Highway National Scenic Byway. Utah Shares the Byway with Rangeley, Grand Junction, and Fruita Colorado and Colorado supports this effort.

Statement of Contribution/Dues Dinosaur Diamond Scenic Byway

Please submit the appropriate amount from the list below according to your status with the information below. We need and appreciate your support!

CO Hwy. 13 Improvements - Rio Blanco County Rd. 5 North & South

(970) 309-5894 / co13rioblanco@gmail.com. www.codot.gov/projects/co-13-rio-blanco-reconstruction

Project Details & General Travel Impacts

The Colorado Department of Transportation and contractor, Scott Contracting, Inc., of Centennial, CO, have a project underway to improve the safety and driving surface of Colorado Highway 13 about 16 miles north of Rifle. The project, contracted to Scott for \$16.8 million, will reconstruct and provide minor widening to an approximate five-mile section of CO 13 north and south of Rio Blanco County Road 5, between mile points 16.06 and 20.77.

While crews began mobilizing this week, with periodic shoulder closures, Monday, June 17, marks the first day of travel impacts along CO 13, as well as shoulder closures on County Road 5 (see Travel Impacts, below).

This will be a two-season project, with a winter suspension of work between November 2019 and April 2020 (weather dependent) and a projected completion date of November 2020. Work items will include the following:

- Vegetation clearing
- Earthwork
- Drainage improvements
- Precast concrete box culverts (3 total 2 on CO 13 and 1 on CR 5), replacing corrugated steel structures
- Widened shoulders
- Concrete paving
- Wildlife fencing
- New signing and striping

TRAVEL IMPACTS: Through the project's completion, anticipated for November 2020 (following the estimated winter suspension of work noted above), motorists will encounter single-lane, alternating travel from approximately 6 a.m. to 7 p.m. (or as daylight permits), Monday through Friday. Some weekend work is possible. Later in the project, work on the three concrete box culverts may require several nighttime two-hour closures of CR 5 and CO 13 to facilitate replacement of these structures, which lie underneath the roadway. If these closures are necessary to complete the work, the public will be notified via news media, and information will be posted on the project web site ahead of the work. Travelers are urged to slow down, obey the posted lowered speed limit, avoid all distractions, and go Slow for the Cone Zone!

PROJECT INFORMATION: Those with questions or comments may contact the project's public information manager at (970) 309-5894 or co13rioblanco@gmail.com. The project web page is https://www.codot.gov/projects/co-13-rio-blanco-reconstruction.

SEPTEMBER 2019 NEWSLETTER

Welcome to the NEW

Central Colorado Small Business Development Center

The Colorado Small Business Development Center (SBDC) Network announced today the opening of its fifteenth full-time center, the Central Mountain Small Business Development Center headquartered in Salida, CO. Hosted by Chaffee County and supported by the Chaffee County Economic Development Corporation, the new center provides free and low-cost consulting, technical assistance programs and small business training to Chaffee, Lake and Park Counties.

"Rural prosperity is a cornerstone of Polis's administration and we are committed to expanding opportunity and prosperity throughout the state," said Betsy Markey, executive director of the Colorado Office of Economic Development and International Trade where the SBDC network is housed. "The new Central Mountain Small Business Development Center will provide dedicated services for our mountain residents while fulfilling Governor Polis's vision of economic prosperity for all."

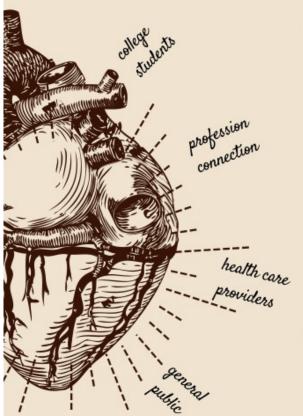

Jamie Billesbach, a long-time resident of Buena Vista who brings her experience of owning her own business along with several years of consulting large and small businesses, will lead the new Central Mountain SBDC. Billiesbach most recently was in charge of marketing for the Buena Vista Welcome Center and Chamber of Commerce.

"We are so excited to be opening the Central Mountain Small Business
Development Center to promote and assist the many small businesses in the
mountain communities of Chaffee, Lake and Park counties," said Billiesbach "Our
new center will encourage community and small business engagement by
bringing new resources to our area, including little or no-cost training programs,
free consulting and interactive brainstorming sessions. The center looks forward
to working with small businesses in all stages of growth."

With the addition of the new center, the region will have a consistent and direct presence of institutionalized business services that positions the three-county region as a center for entrepreneurship and innovation. Small business owners and aspiring entrepreneurs can now go to the new SBDC to receive consulting and training services to help their business start, grow and prosper. To learn more visit, centralsbdc.org.

Save the Date

Baseball fans can get more nervous as the game goes on. Similarly, some investors become more concerned the longer a bull market runs. But even an aging cycle offers opportunities for solid performance.

We'll examine:

- The economic outlook in the late innings of the bull market
- · Late-cycle risks: market curveballs
- · Late-cycle opportunities
- · Staying in position: keeping a balanced portfolio

We hope you will join us. Please call 970-256-1020 by September 24, 2019.

Dinner will be served.
