

**\*\*\*NOTICE OF STREET and UTILITY WORK\*\*\***

**Halfturn Road from West Main Street to Sagewood Drive**

July 11, 2024

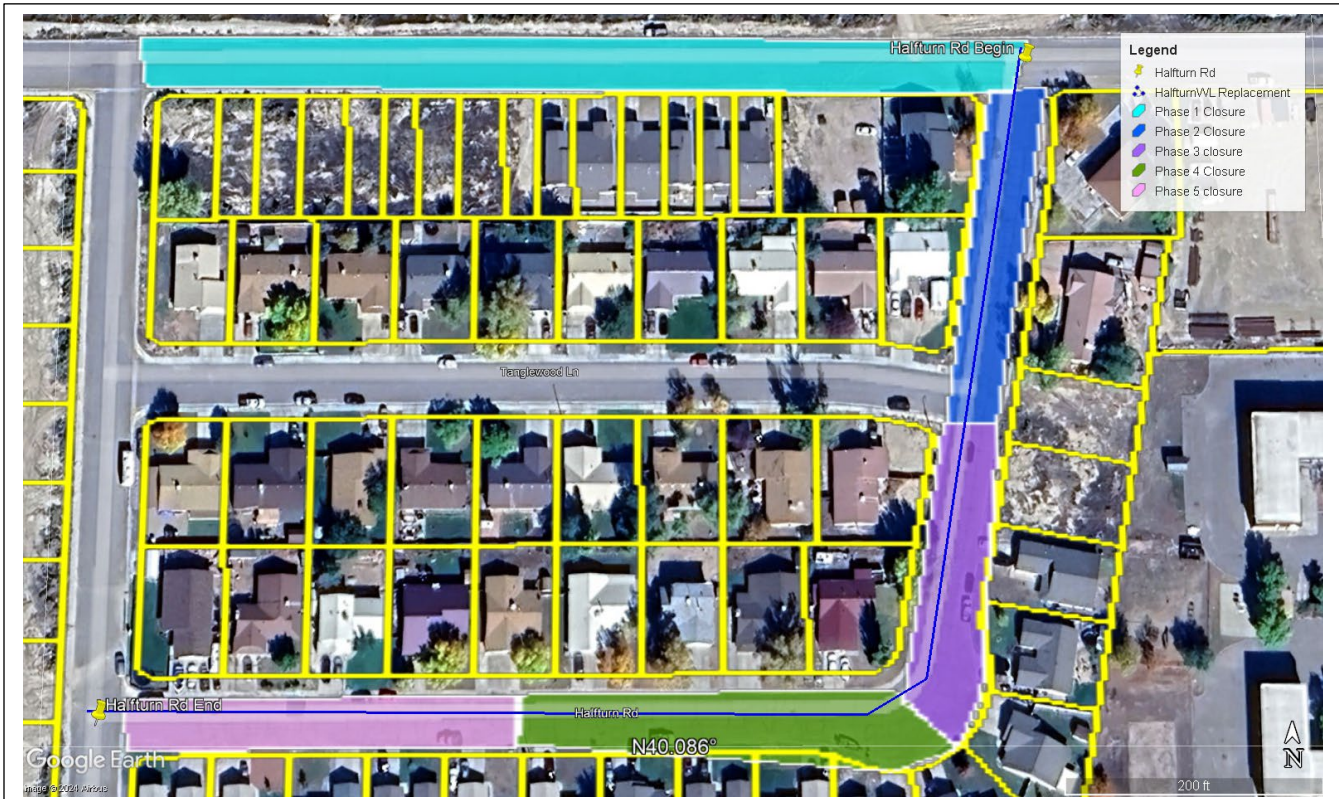

Dear Residents,

**Beginning Monday morning July 15<sup>th</sup>, at 7:00 am** the Town of Rangely and our contractors may begin work on Halfturn Rd. ***Please refer to the map of the work zone below.*** Tasks include replacing the watermain and services, rebuilding the street cross section, reestablishing curb and gutter on the south and east side, and reestablishing curb, gutter and sidewalk on the north and west side. ***In order to start, all vehicles, boats, RVs and all other items will need to be removed from the street in the affected area of West Main, and Halfturn Rd south to the 90 degree bend to the west.***

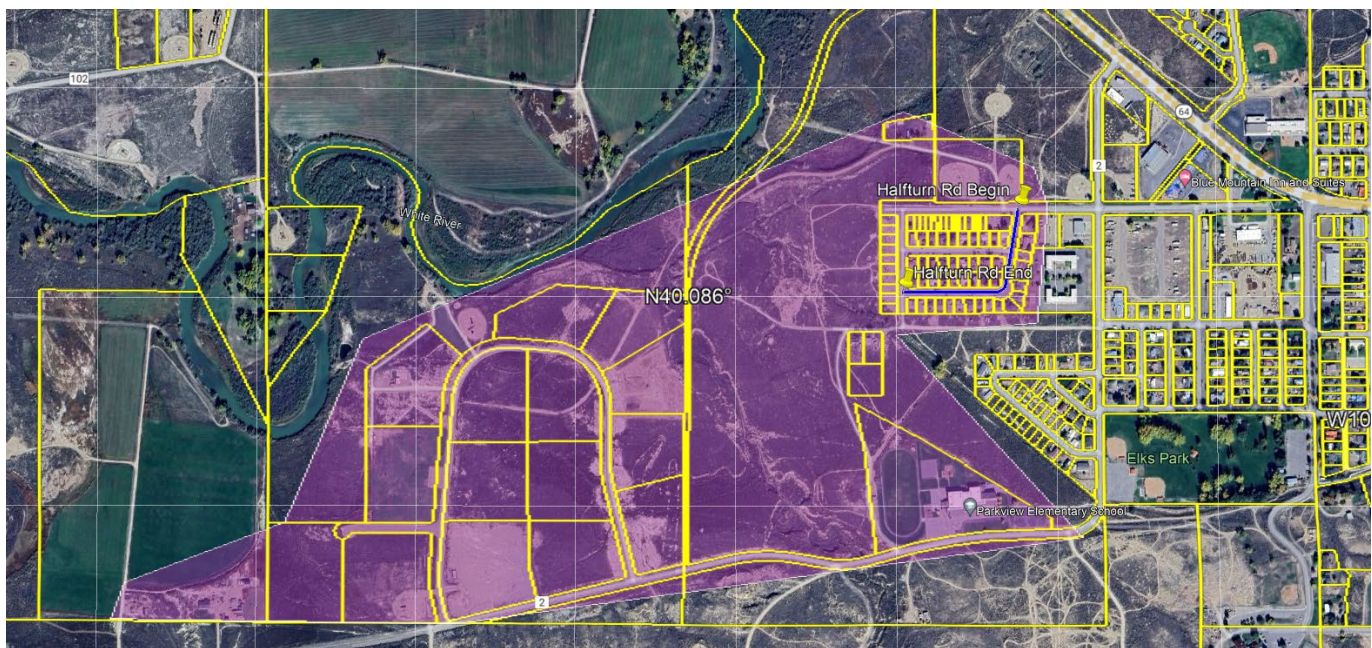

Important notes for residents in affected areas during the project:

- The project will start at the West Main and Halfturn Road intersection. West Main west of the intersection will be closed initially to install a new valve. **There will be a several hour interruption in water service Wed. morning July 17, to install this valve. See map of affected area.**
- Alternate routes will be signed and flagged as the work progresses.
- Local access will be allowed if you live on the section of road immediately adjacent to the work zone. However, you may have to park and walk.
- We ask that you route your travel to avoid the construction area as much as possible.
- We will use door hangar notices 12 hours in advance of major operations/changes. All vehicles and equipment will need to be parked off the affected portion of the street.
- More information will follow regarding short water service interruptions, parking restrictions, and flushing events. Please also see the Town's Facebook page for additional notices.
- Any residents with concerns please contact Town Hall at (970) 675-8476
  
- Please be patient with us as we bring you new infrastructure and improved streets !
