BUSINESS IMPROVEMENT GRANTS/LOANS

RDA – Grant/Loan Programs – The program is designed to help local businesses with expansion, capital investment and in some cases consolidation of debt through the RDA and outside loan opportunities, such as the Northwest Loan Program. The business requesting support from any of these programs must reside within the Urban Renewal Boundary as established for the Rangely Development Agency. The annual budget for these grants and loans will be recommended by the Rangely Development Agency Board and approved by the Town Council. Should the target annual amount for all grants and loans be approximately \$100K, e.g, the RDA would soon require backfill from the General Fund with an annual budget allocation in order to maintain the program or until TIF projects and other income producing loans/projects begin to generate enough revenue to cover these expenditures. The program can be discontinued at any time based on a determination of funding availability and effectiveness. Abuse of any of the programs will be addressed within the agreements to be executed by the applicants and demonstration of need and ability to repay loans will be the best determination for award. Creation of new jobs and retention of existing employees will achieve a high ranking in the evaluation process for each applicant.

All Town assisted Grant/Loan programs will require the that they become a Chamber of Commerce member and that the applicant describe their voluntary contributions of time and resources to the community.

3. REASONS FOR NEED FOR RDA FUNDS

I am on a limited start up funds. Several thousands of dollars went into unexpected equipment repairs, building repairs and equipment purchases. Leaving way less than I need to open with all the item I would have liked. These funds will give me the funded to open with an aray of the best sub possible and give me the full backup stock I feel comfortable with.
