

Town Council Packet

March 8, 2022 @ 7:00pm

1 – Agenda

GUIDELINES FOR PUBLIC INPUT

Public Input is a vital and important portion of every meeting and will be permitted throughout the meeting, but according to the following guidelines:

- a. Public input is allowed during the Agenda identified **Public Input** and **Public Hearing** portion of the meeting.
 - i. If you would like to address the meeting during the appropriate times, please raise your hand and when called upon you will be asked to come to the podium. ***Announce your name*** so that your statements can be adequately captured in the meeting minutes.
 - ii. ***Please keep your comments to 3-5 minutes*** as others may want to participate throughout the meeting and to insure that the subject does not drift.
- b. Throughout the meeting agenda calls for public input will be made, generally pertaining to specific action items. Please follow the same format as above.
- c. At the conclusion of the meeting, if the meeting chair believes additional public comment is necessary, the floor will be open.

We hope that this guideline will improve the effectiveness and order of the Town's Public Meetings. It is the intent of your publicly elected officials to stay open to your feelings on a variety of issues.

Thank you, Rangely Mayor

Town of Rangely

March 8, 2022 - 7:00pm

Agenda

Rangely Board of Trustees (Town Council)

ANDY SHAFFER, MAYOR

TREY ROBIE, MAYOR PROTEM

DON DAVIDSON, TRUSTEE

KODI RAE NELSON, TRUSTEE

TIM WEBBER, TRUSTEE

ALISA GRANGER, TRUSTEE

KEELY ELLIS, TRUSTEE

1. Call to Order

2. Roll Call

3. Invocation

4. Pledge of Allegiance

5. Minutes of Meeting

a. Discussion and Action to approve the minutes of February 22, 2022, Town Council Meeting

6. Petitions and Public Input

7. Changes to the Agenda

8. Public Hearings - 7:10pm

9. Committee/Board Meetings

10. RBC Commissioner Reports

11. Council Reports

12. Supervisor Reports – See Attached

a. Jon Templeton – Mosquito Abatement

13. Reports from Officers – Town Manager Update

14. Old Business

15. New Business

a. Discussion and action to approve the February 2022 Check Register

b. Discussion and action to approve Rangely Elks Lodge 1907 Special Event Permit for the OHV Rodeo at Columbine Park on April 30th, 2022

c. Discussion and action to approve the application to AGNC for a mini grant to complete the Solar Lighting of the Kennedy Drive Path in the amount of \$10,000

d. Discussion and action to approve the application to AAPR for \$15,000 to match the AGNC grant (5,000) for Solar Lighting on Kennedy Drive Path and to install (3) lights on S. White at the front of Pinyon Circle

e. Discussion and action to amend the application to Just Transition and Northwest Development Council not to exceed \$396,000.

16. Informational Items

- a. RBC Covid Update*
- b. Club 20: Before the Fire Protecting the Water Towers of the West Watershed Summit Mar 24-25, 2022, Grand Junction, Co.*
- c. Coffee with a Cop March 16, 2022, 10-11am, Giovanni's Italian Grill*
- d. CNCC Foundation Dinner March 26, 2022, 5:30 Colorado Room, Weiss Center*
- e. The Surveyor, Travel somewhere small, Rangely the Friendliest Town*
- f. AGNC Legislative Summary*

17. Board Vacancies

- a. Community Garden Board Vacancies*

18. Scheduled Announcements

- a. Planning and Zoning meeting is scheduled for the June 2022*
- b. Community Outreach meeting is scheduled for March 7, 2022, at 6:00 pm.*
- c. Giant Step Preschool Board meeting is scheduled for March 9, 2022, at 6:00 pm*
- d. Rangely District Library Board meeting is scheduled for March 14, 2022, at 5:00 pm*
- e. Western Rio Blanco Park & Recreation District Board meeting is scheduled for March 14, 2022, at 7:00 pm*
- f. Rangely Junior College District Board meeting is scheduled for March 15, 2022, at 12:00 noon*
- g. Rangely School District Board meeting has been scheduled for March 15, 2022, at 6:15 pm*
- h. Rio Blanco County Commissioners Board meeting is scheduled for March 15, 2022, at 11:00 am*
- i. RDA/RDC Board meeting is scheduled for March 17, 2022, at 7:30 am*
- j. Rangely Chamber of Commerce Board meeting is scheduled for March 17, 2022, at 12:00 noon*
- k. Rural Fire Protection District Board meeting is scheduled for March 21, 2022, at 7:00 pm*
- l. Rio Blanco Water Conservancy District Board meeting is scheduled March 30, 2022, at 6:30 pm*
- m. Rangely District Hospital board meeting is scheduled for March 31, 2022, at 6:00 pm*

19. Adjournment

5 – Minutes

Town of Rangely

February 22, 2022 - 7:00pm

Agenda

Rangely Board of Trustees (Town Council)

ANDY SHAFFER, MAYOR

TREY ROBIE, MAYOR PROTEM

DON DAVIDSON, TRUSTEE

KODI RAE NELSON, TRUSTEE

TIM WEBBER, TRUSTEE

ALISA GRANGER, TRUSTEE

KEELY ELLIS, TRUSTEE

- 1. Call to Order – 7:01pm**
- 2. Roll Call –** Andy Shaffer, Trey Robie, Don Davidson, and Keely Ellis present. Kodi Nelson, Tim Webber and Alisa Granger absent.
- 3. Invocation –** Led by Trey Robie
- 4. Pledge of Allegiance –** Led by Lisa Piering
- 5. Minutes of Meeting**
 - a. Discussion and Action to approve the minutes of February 8, 2022, Town Council Meeting – Motion made by Don Davidson to approve the minutes of February 8, 2022, Town Council Meeting with correction, second by Trey Robie. Motion passed*
- 6. Petitions and Public Input**
 - a. Mary Allred – Bike Lane: Mary Ann presented petitions in favor of a bike lane/path on West Bell and would end at River Rd. from citizens. Ti and Lisa met with Mary Ann to discuss the short term and long-term possibilities. Lisa stated that there is a meeting scheduled with the school district and rec. center on February 23 at 1pm to discuss. Looking at different ways to accommodate.*
- 7. Changes to the Agenda –** Add item 15d under New Business
- 8. Public Hearings - 7:10pm**
- 9. Committee/Board Meetings –** RDA/RDC met. Northwest Council/Just Transition were presented with grant applications. Main Street meet and looking at mini grants to continue to improve sidewalks.
- 10. RBC Commissioner Reports -** None
- 11. Council Reports -** None
- 12. Supervisor Reports – See Attached –** Changing to once a month
- 13. Reports from Officers – Town Manager Update –** Lisa reported to the council that the Headworks project is moving forward. There have been some water line breaks and Public Works has been working on them as they happen. Snow removal has been priority the last week. Looking at having some write offs of utilities and could bring them to the council at the next meeting. Lisa stated that there will be a Council Training with Sam Light on March 15th in Meeker if anyone is interested.

14. Old Business

15. New Business

- a. *Discussion and action to approve the January Financial Summary - Motion made by Trey Robie to approve the January Financial Summary, second by Keely Ellis. Motion passed*
- b. *Discussion and action to approve CNCC Foundation Dinner Special Event Permit for March 26th, 2022 – Motion made by Keely Ellis to approve the CNCC Foundation Dinner Special Event Permit for March 26th, 2022, second by Trey Robie. Motion passed*
- c. *Discussion and action to approve the 2021 audit to be performed by ColoCPA Services, PC in the amount of \$12,450.00 – Motion made by Trey Robie to approve the 2021 audit to be performed by ColoCPA Services, PC in the amount of \$12,450.00, second by Keely Ellis. Motion passed*
- d. *Discussion and action to appoint a primary representative and one alternate representative to the Northwest Transportation Planning Region, for whom shall attend all meeting of the Regional Planning Commission. – Motion made by Trey Robie to table action item until new trustees have been selected in April 2022, second by Keely Ellis. Motion passed*

16. Informational Items

- a. *RBC Covid Update*
- b. *Name the Tank's new Record Label*
- c. *Lincoln Day Fundraiser*
- d. *AGNC Legislative*

17. Board Vacancies

- a. *Community Garden Board Vacancies*

18. Scheduled Announcements

- a. *Planning and Zoning meeting is scheduled for the Feb 2, 2022, at 9:30 am*
- b. *Community Outreach meeting is cancelled for Feb 7, 2022, at 6:00 pm.*
- c. *Giant Step Preschool Board meeting is scheduled for Feb 9, 2022, at 6:00 pm*
- d. *Rangely District Library Board meeting is scheduled for Feb 14, 2022, at 5:00 pm*
- e. *Western Rio Blanco Park & Recreation District Board meeting is scheduled for Feb 14, 2022, at 7:00 pm*
- f. *Rangely Junior College District Board meeting is scheduled for Feb 15, 2022, at 12:00 noon*
- g. *Rangely School District Board meeting has been scheduled for Feb 15, 2022, at 6:15 pm*
- h. *Rio Blanco County Commissioners Board meeting is scheduled for Feb 15, 2022, at 11:00 am*
- i. *RDA/RDC Board meeting is scheduled for Feb 17, 2022, at 7:30 am*
- j. *Rangely Chamber of Commerce Board meeting is scheduled for Feb 17, 2022, at 12:00 noon*
- k. *Rural Fire Protection District Board meeting is scheduled for Feb 21, 2022, at 7:00 pm*
- l. *Rio Blanco Water Conservancy District Board meeting is scheduled for Feb 23, 2022, at 6:30 pm*
- m. *Rangely District Hospital board meeting is scheduled for Feb 24, 2022, at 6:00 pm*

19. Adjournment – 7:33pm

ATTEST:

RANGELY TOWN COUNCIL

Marybel Cox, Clerk

Andy Shaffer, Mayor

8 – Public Hearings

- 9 - Committee Meeting
- 10 - Report from RBC Commissioners
- 11 - Report from Council
- 12 - Reports from Supervisors

February 2022 - *Supervisor Reports*

POLICE DEPARTMENT – SUBMITTED BY POLICE CHIEF, TIRYNN HAMBLIN

Project status/Current Issues

Communication Division:

- **1076** calls for service through the communication center
- **122** calls for 9-1-1 services
- **20**- 9-1-1 misdials/ hang ups

Patrol Division:

- **246** incident calls for various crimes occurring or occurred
- **37** - cases **29** – traffic contacts **180**- incidents
- Responded to **4** alarm(s)
- **13** animal control calls for service
- **59** – calls for service to assist other agencies, **12** – ambulance, **11**– fire department, **19** – sheriff, **7** -CSP, and **10**- others.
- Citizens Assist – **52** – incidents for vin inspections, civil stand-by's and others.
- Property crimes **6** – theft from building, possession/receiving stolen property, fraud, misc. thefts, lost/found property, vandalism.
- Crimes against person **22**- Disturbances/disorderly, domestic violence, harassment, suspicious person complaints.
- Sex Offender Registration- **5**
- Missing Person(s)- **0**
- Juvenile – **0**
- Unattended death- **3**
- **8**- Arrests, **6**- booked into the Moffat County Jail
- Traffic contacts **29** – traffic contacts, **0**-accident(s), **5**- citation(s), **24** - warnings, **8** of the traffic contacts were citizens of Rangely.

Personnel Issues:

- Dispatcher Cook finished her training and is on her own.
- Officer Duke completed her assignment in Dispatch and started her field training in patrol.

Notable issues:

- Chief Hamblin taught several classes at the Ranger Academy at CNCC.
- Dispatcher Cook attended Public Information Officer (PIO) training and is the Police Department's appointed PIO.
- Officer Hilton and Officer Burr attended Crisis Intervention Team (CIT) training in Grandby.
- The Rangely Police Department and other Community Stake Holders met about continuing the bike path from Stanolind Ave to River Road.
- All members of the Police Department and Animal Control had Department photos done.
- The Rangely Police Department held its first ever "coffee with a cop" event at Giovanni's. It was a success, and we hope to build this event.
- The Police Department gave the Panthers boy's wrestling team a escort out of town on their way to State.
- Chief Hamblin and Officer Duke attended Ice Driving training in Georgetown.
- All the Patrol Officers participated in Defensive Tactics training.

Project status/Current Issues:

- Meter Reading, get reads off large meters, go over reports and meter proof, make corrections, reprogram meters, final meter proof, recheck proof after gas rate calculated – make final changes.
- Gas usages and rate for February
- Weekly charts, pressures, odorant check
- Leak Calls – 0
- Customer Calls – 4
- Carbon Monoxide tests - 0
- Locates for February - 5
- Work Orders – 17
- NPSO – (Non-payment shut-offs) – started with 6 and 6 were shut off
- Sort and classify Leak Call reports for 2021
- Underground line letter and mailing – must annually notify gas customers that have a fuel line. A fuel line is any buried gas line that is not a part of the service line and is owned by the customer. An example of this would be a gas line running from the outlet side of the gas meter on the house to a garage or other building.
- Update meter files
- List for Periodic Meter Changes for 2022
- File DIRT report (reports damages to natural gas facilities) for line hit at Stewart Welding
- Gas purchases vs. sales for 2021 information for annual reports
- Annual Reports
 - EIA-176 report and filing (Energy Information Administration)
 - DOT (Department of Transportation) Distribution report and filing
- Meter testing
- Inventory
- Purchasing – we continue to purchase necessities but are being careful not to spend unnecessarily.
- Call Schedule March
- Continue with Town employee training. Topics such as Lock out tag out, Confined Space, Trenching and Excavation, Harassment, Work zone safety and others are covered. This helps us keep a well-trained staff as well as helps us keep our insurance costs in check
- Begin annual Operator Qualification training for Gas Department employees
- Read over Chevron/Scout's proposal for a variance for H2S testing
- Shovel snow at White River Village, Town Hall, Library, Gas Shop and Town duplexes as required
- Assist with snow plowing and snow removal from streets
- Repairs to snow plowing equipment
- Burst water line at 738 Lake St. – customer line clamped off until Town could get access to meter pit
- Sewer problems at Animal Shelter
- General maintenance, repairs, and work orders at White River Village
- Sanitize surfaces at shop and in office
- Clean shop and wash trucks

Personnel Issues/Events:

Notable Issues/Events:

- Safety Committee Meeting February 24th
- House fire at 229 S. White Ave.

Public Works— Submitted by Jeff LeBleu

Project status/Current Issues:

Crew Activities:

- Help with water leak at Stewart Welding
- Service Bryans truck
- Work on three- and five-year plan
- Work on truck bids
- New valve riser on main line vale
- Chip ice
- Meeting with Maryann Allred
- Saw cuts on Pinyon Circle
- Equipment and vehicle maintenance
- Pull asphalt on Pinyon Circle for potholing
- Service K-9 unit
- Pothole on Pinyon Circle
- Repair leak at sewer plant
- Plow snow
- Sand streets
- Clear intersections
- Repair hydraulic hose on loader
- Clean shop parking lot
- Replace battery in service truck

Personnel issues:

Notable Issues/events:

Water/Wastewater – Submitted by Donald Reed

Project status/Current Issues:

Water Treatment Plant:

- The water treatment plant during the past month has operated mechanically wise in its normal parameters, however the new SCADA system has been installed and as with any new control system we must work the bugs out, there are some additional items that were included as part of this package, and we are waiting on a price quote from Ducey's Electric before proceeding with the remaining items.
- Most of the winter maintenance program is completed but, we still have about 10% of the equipment to go through. Currently we are working on the Cleary Building heater that has some blown parts that have been ordered.

- Down River Extension Project--- No additional information was given for February but, Michael and I met with Alden out at the Water Conservancy District on January 26th to continue discussions regarding the down river water line project. He showed us what their new proposed path for the water line was. He also proposed a few other lines connecting to our system that would serve other rural customers who aren't currently on our system.
- Current snowpack conditions for the Yampa/White basin is 86% which is 3% below the medium for this time of the year. We need additional precipitation to increase this percentage prior to spring runoff, to help prevent drought restriction conditions.
- During the PAC committee meeting it was being expressed to reach out to all users that use flood irrigation to help mitigate drought restrictions by increasing flooding during the spring run as much as possible to reach 100% of ground saturation wherever possible.
- We are still working on the Utilities Master Plan and are on schedule to have it completed by Spring of this year.
- The Consecutive Water Agreement is still being worked on for Scout, but it sounds like they are keen on keeping the exact same agreement we had with Chevron. We're still waiting on final paperwork.
- Water loss calculations for January 2022 is 11.3% This number is expected to go down substantially for the year 2022. The primary target for looking into water loss from distribution leaks is in middle zone distribution zone currently.
- Monthly compliance reports were sent to state with no violations being noted.
- Backflow Cross Connection program for 2022 has already begun and we've already had several facilities submit their test results for backflow preventers.
- At the request of EPA all municipalities are required to upgrade the Emergency Response Plan regarding handling in the event of a Cyber-attack on all support and mission essential facilities, along with plans on loss of electrical grids for extended periods of time. The department already has contingency plans in place for these types of events, but we will have to re-evaluate with a cyber-attack in drafting response on actions required. This would also require us to upgrade our (SOP) Standard Operating Procedures.

Wastewater Plant:

- Head Works Building Project—Mueller construction broke ground the first week of January. So far, they've been completed a shoring wall, installed casings for the removal of ground water, and have fully excavated the area for the influent wet well. Public works installed a bypass water line around the construction site to give Muller more room to install wet-wells and manholes. Excavation has continued and Mueller is almost ready to pour slabs for the wet wells, however, a geo tech report from snowshoe engineering changed the course of work for the time being. They can continue with work, and we already have a plan to mitigate possible shale swelling to prevent cracking of the foundation using micro piles and additional bedding gravel. This will require the drilling rigs to come back for installation but will protect against future damage and does not put us behind schedule. In the meantime, Mueller can excavate the effluent wet well and pour that slab first. They may need to use a crane to place the mats for the influent wet well or may be able to build a path down into that weather dependent.
- Huber completed its damage inspection on the shipped unit and will be sending replacement parts as required. The R09 unit will be scheduled for a dry fire prior to going online, so to verify the correct operational status.
- Headworks was still having some electrical issues, especially downstairs where the H2S is more concentrated. We had to pull a little bit of wire to repair an outlet that kept frying one of our breakers.
- State Compliance Reports were sent out with no violations.

Utility Department Activities:

- Completed locates, meter reads and rereads, high/low report, and work orders as required.
- Assisted Public works in snow removal on a couple of occasions. Plus, snow removal of our facilities.

- Work on day-to-day operations of all facilities to include all sampling that is
 - Required by state and operations.
- Worked on collecting data and assisting engineering on other scheduled projects for the Town.
- All staff members of the department have been attending training webinars and attending meeting regarding the future mandates for both water and wastewater.
- Emily has been working with Jocelyn on the day to reports and overseeing on the Head Works building project.
- Worked on multiple water line breaks at the WWTP with public works.

Personnel issues:

- Have been working on additional training of both Emily and Michael considering my retirement at the end of the year.
- Drafted an employment description for hiring an additional operator or maintenance personal for the department.

Notable Issues/events: *N/A*

Animal Shelter– Submitted by Linda Farney

Project status/Current Issues:

- 15 Running At Large
- 4 Impound & Release

Personnel Issues/Events: *N/A*

Notable Issues/events: *N/A*

WRV/Liquor-Code Enforcement– Submitted by Janet Miller

White River Village:

Project status/Current Issues:

- Processed 1 tenant recertifications and sent to USDA
- Regular maintenance and cleaning are always ongoing
- Snow removal
- Changed AC/Heater filters in all apartments
- Removed ice buildup in the North parking lot
- Completed Year End/Balance Reports for the facility and sent to USDA for approval
- All common areas are being sanitized daily to decrease the risk of Covid spread.
- All apartments are now filled

Personnel Issues/Events:

Notable Issues/events:

- Family Dollar delivered Valentine Balloons to each resident
- Valentine gifts were given to each resident from Vernal radio station

Liquor Licensing:

- Processed 1 Renewal Liquor Licenses and sent to State for processing

Special Event Permit:

- Processed 1 Special Event Permits

Main Street/Town Hall:

- Created flower list for 2022 Main Street flowerpots
- Sent flower list out for bid
- Ordered flowers for 2022 Main Street flowerpots
- Working with the Chamber to plan the Golden Spade Program for 2022
- Working with the Main Street Program to plan Rangely's second annual Arbor Day Celebration for 2022
- Snow removal

Notable Issues/events

Code Enforcement:

• 6.22.020 Domestic Animals Prohibited	0
• 8.08.030 Weeds on Property	0
• 8.08.040 Refuse on Property	18
• 8.08.045 Junk Vehicle on Property	2
• 8.08.047 Vehicle Parking	0
• 8.08.060 Abandoned Containers	0
• 8.08.070 Disposal of Refuse	0
• 8.08.090 Other	0
• 10.06.020 Extended Parking Prohibited	0
• 12.08.030 Obstructing a Highway or Passageway	0
• 262.3 Location Systems	0
• 17.040.040 Mobile Homes and RVs Location	0
• 4.01.010 Public Nuisances	0
• 13.04.110 Meters, Meter Pits, and Service Lines	0
• Citations Issued in Month of February	0
• Total New Cases January	18
• Total Cases Closed	6

Notable Issues/events: None

Planner/Town Engineer - Submitted by - Jocelyn Mullen PE

Project status/Current Issues:

- **Headworks Replacement Project Grant**
 - Groundbreaking occurred in early January 2022
 - We are reviewing the costs Mueller provided to add the removed items back into the scope.
 - Experiencing some challenges with expansive soils
- **Canceled the Pinyon Circle Waterline Replacement project**
 - Potholed 6 locations along the line and found PVC pipe in each location.
- **Applied to CDOT for a \$1.6 M Main Street grant** to rebuild the east entrance to Rangely
- **Cogency project development work**
 - Cogency waiting for financing
 - Applying for a \$396,000 grant for CNCC to develop workforce training certificate programs

- **Grants on the Horizon**
 - Planning on applying for a DOLA 2022 EMIG for the Halfturn Street waterline replacement project
 - Planning on applying for an EDA Travel and Tourism Grant to improve 3 river access locations in Town
- **Planning work**
 - NOAs, calls and emails regarding planning and development questions

Mosquitoes Fast Facts

Scent, Sight, and Heat...

Mosquitoes locate blood hosts by scent, sight and heat. From 100 feet away (30 meters) mosquitoes can smell your scent, especially the carbon dioxide (CO₂) you exhale. Biting flies are even better; they can smell their prey from 300 feet (100 meters) away. Because CO₂ is present in the atmosphere (plants take in CO₂ and give off oxygen), mosquitoes respond to higher-than-normal concentrations, especially when the CO₂ is mixed with host-odor. They follow your scent upwind, and can see you at a distance of about 30 feet (10 meters).

A Prolific Species...

One female mosquito may lay 100 to 300 eggs at a time and may average 1,000 to 3,000 offspring's during her life span. Mosquitoes breed in standing water, so eliminating standing water on your property reduces your risk. Areas like rain gutters, tree holes, old buckets or tires with stagnant water are breeding sites. However, although you may have taken steps to clear your property, you are subject to the actions – or inaction – of your neighbors, not to mention wetland areas in your community.

Fast Facts...

- You're more likely to be a target for mosquitoes if you consume bananas.
- Mosquitoes prefer children to adults, and blondes to brunettes.
- Light colors are less attractive to mosquitoes than dark colors; thus, mosquitoes are more likely to choose a victim wearing darker colors.
- Mosquitoes dislike citronella because it irritates their feet.
- Biting activity increase by 500 times when there is a full moon.
- A mosquito's wings beat 500 times a second.
- The average life span of a female mosquito is 3 to 100 days. The male lives 10 to 20 days.
- The animal responsible for the most human deaths world-wide is the mosquito.

Mosquitoes Tips

Larviciding Tips:

- Spider webs in corners or around storm drains and catch basins are a good indicator that breeding may be occurring in the water below.
- Catch basins and storm drains can produce huge Culex numbers. Pre-treatment with briquettes can reduce breeding for months.
- A quick, simple way to apply BTI at an effective rate is one granule per square foot – imagine a tile floor and one granule per square. Great for fresh water treatment sites and wood land pools.
- To calibrate a granular applicator, attach a nylon stocking to the outlet, catch the granules for a measured period of time, and weigh with a digital fish scale to determine application rate per time period.
- Google earth, a free satellite imagery program, can be a very effective tool for finding and measuring potential breeding sites prior to onsite inspections. To download visit: <https://www.google.com/earth/>
- To improve canopy penetration when using liquid larvicides, you can increase the dilution rate up to 10-fold to ensure more active ingredient reaches the water surface: if you are normally applying 1 qt of liquid Bti/acre in 10 gallons of water per acre, you can try to improve penetration by increase to 1 qt of Bti liquid in 100 gallons of water per acre.

Adulticiding Tips:

- Post reflective markers signifying which homes are designated as no spray zones.
- Employ variable flow technology to your existing spray equipment-stay on label rate for maximum efficacy, to save precious time and budget dollars.
- Rotate the active ingredient (change product classes), during the season or few years, to help avoid chemical resistance in areas inhabited by mosquitoes prone to this issue.
- After yearly fogger calibration has been preformed, use a locking nut to secure pump flow rate adjustment knob. For added security keep pump box locked at all times.
- Use today's technology to set up an automated text message notification system informing residents when fogging will occur in their neighborhood.
- To protect the few adulticides currently, apply [organophosphates](#) or natural pyrethrum by air and synthetic pyrethroids by ground.

Larval Mosquito Surveillance

Larval surveillance is one of the most important aspects of a mosquito control program. With continuous surveillance of larval habitats, mosquito population surges can be predicted and often abated through the well-timed application of larvicides. Additionally, knowledge of mosquito-breeding sites can increase adulticide efficacy because these areas can be selectively targeted before adult mosquitoes disperse to nearby areas.

Suspected breeding areas need to be checked for the presence of mosquito larvae before any control work can begin. Scoop up water from the site and inspect for the presence of mosquito larvae and/or pupae.

Larval Mosquito Control

It is much easier to control mosquito larvae than it is to control adults. Additionally, [larval mosquito control](#) when done properly has very little impact on non-target species and their habitat.

Once you've located mosquito larvae it's time to apply a larvicide. Time is of the essence, depending on the temperature of the water, a mosquito can go from egg to adult in as quickly as 4 days. There are several larvicides commercially available and several different methods for applying them.

Adult Mosquito Surveillance

Adult mosquito surveillance is necessary to determine the relative mosquito populations after a disaster event. Knowing the relative populations around a city, county, or even state can help direct resources and valuable insecticides to the most impacted areas in terms of mosquito populations. By identifying the collections, we can estimate the mosquito's flight range, risk of mosquito-borne illness, and ultimately improve efficacy of control efforts.

Adult Mosquito Control

If adult mosquito populations have already increased, [adult mosquito control](#) should commence as your next line of defense against rising populations. Adulticiding is the application of products into the air to reduce the population of adult mosquitoes. These "adulticides" are usually applied by handheld, ATV/UTV mounted, or truck mounted ULV (Ultra Low Volume) aerosol generators. ADAPCO® provides a variety of sprayers designed to disperse the droplet size needed for proper mosquito control.

When truck applications are not feasible or acreage is too large, aerial adulticiding becomes more effective and efficient. The amount of product applied varies on the product type and active ingredient, but usually is in the range of 1 oz/acre. The act of adulticiding provides immediate temporary control of adult mosquito populations. During a disaster situation, repeated applications may be necessary until breeding habitat is removed or dries.

THE BENEFITS OF ALTOSID® LARVICIDE

	ALTOSID® LARVICIDE
✓	Kills most mosquito pest species
✓	Consistent results in all population densities
✓	No impact on food web
✓	Multiple formulations to meet application and economic requirements
✓	Labeled residual claim
✓	Labor savings with extended residual
✓	Pretreatment capabilities
✓	Consistent results in wet-/dry-down and flood/reflood conditions
✓	Excellent canopy penetration
✓	Microencapsulated liquid (provides residual control)

Based on current product specimen labels; see pages 9-24.

EXTENDED CONTROL COMPARISON

One application of Altosid® XR Briquets containing (S)-methoprene can control mosquito larvae for an entire season.

PRODUCT	TYPE OF PRODUCT	APPLICATION INTERVALS/RESIDUAL	
		Continually flooded sites	Intermittently flooded sites
ALTOSID® BRIQUETS	IGR (S)-methoprene	Up to 30 days	Up to 30 days
ALTOSID® XR BRIQUETS	IGR (S)-methoprene	Up to 150 days	Up to 150 days
ALTOSID SBG® II GRANULES	IGR (S)-methoprene	5-7 days	5-7 days

COMPARATIVE ACUTE ORAL TOXICITIES

An LD50 is a measure of toxicity. The longer the LD50 bar, the lower the toxicity. Compared to other leading mosquito control products, (S)-methoprene, the active ingredient in Altosid® products, and Etofenprox, the active ingredient in Zenivex® products, are two of the least toxic.

Manufacturer: FMC

Active Ingredient: Malathion

Categories: Adulticides, Mosquito Control Products

Product Specs: 96.5% Malathion

Packaging: 5 gl pail, 55 gl dr, 260 gl tote

[Fyfanon Fact sheet](#)

[Fyfanon ULV Label](#)

Description

Fyfanon ULV Mosquito provides proven, cost-effective control of adult mosquitoes and, as an organophosphate, keeps your pyrethroid and pyrethrin insecticides working hard by reducing the chance of resistance development. The active ingredient in Fyfanon ULV Mosquito is malathion. Malathion has been effectively used for mosquito control around the world for more than 60 years. As an organophosphate, it is in a different class of chemistry as opposed to all pyrethroid-class insecticides.

ADAPCO is the exclusive distributor for Fyfanon ULV within the United States in specific pack sizes. Fyfanon is the perfect chemical to fight insecticide resistance.

Where and When to Use Fyfanon ULV:

This website uses cookies to ensure you get the best experience on our website. By clicking anywhere on our website you will accept our cookie policy.

ACCEPT
COOKIES

roadsides).

Features:

Good rotational product with pyrethroid and pyrethrin adulticides to prevent resistance.

Fyfanon ULV Mosquito label has rangeland and pastures-which most pyrethroid adulticides do not have on label.

Preserves the limited number of products now available for mosquito control.

Mode of Action:

Malathion is a cholinesterase inhibitor. Malathion by itself is not a strong cholinesterase inhibitor. It requires activation by conversion to its oxygen analog, malaoxon. Insects and mammals both possess an enzyme which allows the conversion of malathion into malaoxon. However, humans and other mammals possess a second enzyme which rapidly metabolizes malathion and malaoxon into non-active diacids. Insects do not possess this second enzyme.

FMC's Commitment to Product Stewardship

FMC offers a **free drum return program** for Fyfanon EW. Learn more at:

Evoluer 4-4 ULV Adulticide, AllPro

Add to compare list

Be the first to review this product

Quick overview

Evoluer 4-4 ULV Adulticide is a traditional oil-dilutable mosquito adulticide containing the proven chemistry combination of Permethrin and the synergist piperonyl butoxide (PBO). Permethrin is a pyrethroid insecticide, a synthetic form of natural permethrum.

Active Ingredients: Permethrin 4.0% + Piperonyl Butoxide 4.0%

Insecticide Mode of Action Group: 3 + UN

Insecticide Class: Pyrethroids

EPA Signal Word: CAUTION / PRECAUCION

Application Rate Range: (see label)

Container Size(s): 2.5 Gal., 55 Gal.

Overview

Label & SDS

Evoluer 4-4 ULV Adulticide is recommended for application as an Ultra Low Volume (ULV) Thermal or Non-Thermal aerosol (cold fog) to control adult mosquitoes, and other insects as listed on this label, in residential and recreational areas where these insect pests become a problem; such as, but not limited to parks, campsites, woodlands, athletic fields, golf courses, residential areas, municipalities, gardens, playgrounds, and non-crop waste areas.

Evoluer 4-4 ULV Adulticide is a traditional oil-dilutable mosquito adulticide containing the proven

chemistry combination of Permethrin and the synergist piperonyl butoxide (PBO). Permethrin is a pyrethroid insecticide, a synthetic form of natural permethrum. While PBO by itself does not have pesticidal activity, it does enhance the effectiveness of Permethrin by reducing the insects ability to defend itself from the active ingredient.

Tried and true, the combination of Permethrin and PBO equals results. Evoluer controls a broad spectrum of mosquitoes, biting and non-biting midges, black flies, and other public health pests. Evoluer offers a choice in time-tested, cost effective Permethrin.

RE: Special Event Permit for the Elks Lodge liquor license (OHV Rally)

Date: February 21st, 2022

I have reviewed the application for the Elks Lodge liquor license (OHV Rally). There should be no problem if this is done the same way as all special events are conducted. All alcohol sales will be governed by local ordinance and state laws.

A handwritten signature in blue ink, appearing to read "T. B. Hamblin".

Make plans to travel somewhere small this year

By: **Heidi Kerr-Schlaef** | *The Surveyor* | March 03, 2022 | [Local News](#)

Originally from [HeidiTown.com](#)

I grew up in several small towns in the Pacific Northwest. I think this is where I get my affinity for small towns and the characters who call these places home. While cities are entertaining and have many stories to tell, I believe the heartbeat of our country is in our small towns.

I am challenging you to resolve to travel somewhere small this year, and I am providing a list of Colorado's small towns for you to consider. In this article, a town qualifies as "small" if it has a population of 10,000 or less.

Northwest Colorado

If you've kept tabs on HeidiTown, you'll know that we discovered this fantastic corner of Colorado in 2015 during an anniversary trip to Dinosaur National Monument.

During this trip that we discovered **Rangely**, a place I dubbed "Colorado's Friendliest Town." All the towns in this post are above-average when it comes to friendliness measured by Colorado standards, but Rangely out-friendlies them all.

Several years ago, we visited Meeker where I was a judge for the Jammin' Lamb Festival. Meeker and Rangely are both in Rio Blanco County and, as it turns out, it's impossible to make it out of Meeker without making a friend. From the bartender and locals at Chipper's, a local watering hole, to our waitress at Outfitters Diner, to our bed-and-breakfast hostess, everyone in Meeker wants to chat.

Of course, if this sounds too friendly for any introvert who may be reading this, it's easy to find quiet places to escape in this area including fishing the White River or hiking in the White River National Forest.

Associated Governments of Northwest Colorado

Agenda for tomorrows call

Bill #	Short Title	Sponsors	Bill Summary	Comments	Calendar	Status	Position
HB22-1006	Child Care Center Property Tax Exemption	D. Roberts (D) K. Van Winkle (R) / K. Donovan (D) J. Smallwood (R)	Under the state constitution, property that is used solely and exclusively for charitable purposes is exempt from property tax, unless otherwise provided by general law. Under this constitutional authority, there is currently an exemption for property used as an integral part of a child care center. Section 2 of the bill modifies this exemption by repealing the requirement that the property must be owned for strictly charitable purposes and not for private gain or corporate profit, and that the property must be irrevocably dedicated to a charitable purpose. These changes allow property that is used by a tenant or subtenant to operate a child care center to be eligible for the exemption, and the bill specifies that in such case, only the operator's use is to be considered for purposes of determining whether the property is eligible for the exemption. Section 3 requires such an operator, or the operator's authorized agent, to sign the exemption application form and to provide the property tax administrator with	CCI Priority Bill. FN: Cuts local government revenue by approximately \$3 million per year. Childcare center must be nonprofit, buy landlord may be a profit-making entity.	NOT ON CALENDAR	2/1/2022 House Committee on Public & Behavioral Health & Human Services Refer Unamended to Appropriations	Monitor
HB22-1007	Assistance Landowner Wildfire Mitigation	D. Valdez (D) M. Lynch (R) / C. Simpson (R) P. Lee (D)	Wildfire Matters Review Committee. Section 1 of the bill establishes the wildfire mitigation resources and best practices grant program (grant program) within the Colorado state forest service (forest service). To be eligible to receive a grant, a recipient must be an agency of local government, a county, municipality, special district, a tribal agency or program, or a nonprofit organization. The forest service is tasked with reviewing grant applications. Grants must be awarded to applicants proposing to conduct outreach among landowners in high wildfire hazard areas and the forest service must consider the potential impact of the applicants' proposed outreach when awarding grants. The forest service must report to the wildfire matters review committee on the grant program. Section 2 repeals the existing income tax deduction created to offset the landowner's costs incurred in performing wildfire mitigation measures for the 2023 and subsequent income tax years. Section 3 creates a state income tax	FN: No tax impact, it is an income tax credit. Local jurisdictions can apply for grants for outreach.	NOT ON CALENDAR	2/17/2022 House Committee on Energy & Environment Refer Amended to Finance	Monitor

HB22-1011	Wildfire Mitigation Incentives For Local Governments	L. Cutter (D) M. Snyder (D) / T. Story (D) P. Lee (D)	Wildfire Matters Review Committee. The bill establishes the wildfire mitigation incentives for local government grant program (grant program) in the Colorado state forest service (forest service). The grant program is established to provide state funding assistance in the form of grant awards to local governments to match revenue raised by such governments from a dedicated revenue source that is intended to be used for forest management or wildfire mitigation efforts at the local level. Such wildfire mitigation efforts include, without limitation, projects that promote fuel breaks, forest thinning, a reduction in the amount or extent of fuels contributing to wildfires, outreach and education efforts directed at property owners and other members of the public, and any other means of forest management or wildfire mitigation as determined appropriate for funding by the forest service.	FN: NO Fiscal impact. Local government grants are for actual mitigation as opposed top 1007	NOT ON CALENDAR	2/17/2022 House Committee on Energy & Environment Refer Amended to Appropriations	Monitor
HB22-1012	Wildfire Mitigation And Recovery	L. Cutter (D) D. Valdez (D) / J. Ginal (D) P. Lee (D)	Wildfire Matters Review Committee. Section 1 of the bill creates the wildfire mitigation and recovery grant program (grant program) in the Colorado state forest service (forest service) to provide grants to help counties with forested areas prevent and recover from wildfire incidents and ensure that such efforts are undertaken in a manner that reduces the amount of carbon that enters the atmosphere. In expending grant money, a county, to the extent practicable, shall ensure that biomass that is removed from forests is recycled or disposed of in a manner that reduces the amount of carbon that enters the atmosphere. The forest service shall administer the grant program and, subject to available appropriations, award grants out of money annually appropriated to the forest service for the grant program. The	Grants to local government for Recovery from fires, as well as mitigation. Applies to forested areas only.	NOT ON CALENDAR	2/17/2022 House Committee on Energy & Environment Refer Amended to Appropriations	Monitor
HB22-1013	Microgrids For Community Resilience Grant Program	R. Pelton (R) M. Snyder (D) / D. Hisey (R) F. Winter (D)	The bill creates the microgrids for community resilience grant program (grant program) to be administered by the division of local government (division) in the department of local affairs (department), in collaboration with the Colorado resiliency office (office) in the division. A cooperative electric association or a municipally owned utility (utility) may apply to the division for a grant award to finance the purchase of microgrid resources in eligible rural communities within the utility's service territory that are at significant risk of severe weather or natural disaster events and in which there are one or more community anchor institutions. The microgrids, which can be connected to or be disconnected from, and work independent of, the utility's electric grid, can increase an eligible rural community's resilience regarding any interruptions to the electric grid, such as those caused by severe weather or natural disaster events. On an annual basis, the division is required to report on the progress of the grant	CREA pushing this. FN: \$5KK generalfund \$ for grants to cover 50% of costs of local distributed generation in rural areas	NOT ON CALENDAR	2/3/2022 House Committee on Energy & Environment Refer Amended to Appropriations	Support

HB22-1028	Statewide Regulation Of Controlled Intersections	M. Gray (D) E. Hooton (D) / F. Winter (D) K. Priola (R)	Transportation Legislation Review Committee. An existing statute allows a municipality or county to adopt an ordinance or resolution specifying that a person riding a bicycle, electrical assisted bicycle, or electric scooter may make a safety stop, rather than a full stop, under certain circumstances when approaching an intersection that is controlled by a stop sign or a traffic control signal as follows: When approaching a stop sign, if it is safe to proceed, the person may, after slowing to a reasonable speed of 15 miles per hour or less, or 10 or 20 miles per hour or less if so specified by municipality or county for a particular intersection and marked with appropriate signage, and yielding the right-of-way to any traffic or pedestrian in or approaching the intersection, continue through the intersection without stopping; and When approaching an illuminated red traffic control signal, the person must first stop at the intersection and yield to all other traffic and pedestrians and then, when safe to do so, may proceed straight or	Amended for education to be provided by proponents. CDOT pushing for lights to be exempt, allow signage. Age restrictions.	NOT ON CALENDAR	2/25/2022 Introduced In Senate - Assigned to Transportation & Energy	Oppose
HB22-1035	Modernization Of The Older Coloradans' Act	M. Young (D) M. Bradfield (R) / J. Ginal (D) B. Rankin (R)	The bill updates the "Older Coloradans' Act" (act). The purpose of the act is to support older Coloradans through community planning, social services, health and well-being services, and strategies to prepare the state's infrastructure for an increasing older population of Coloradans. The bill updates include: Reorganizing the commission on the aging (commission) and increasing membership from 17 to 19 in order to coordinate and implement the strategic action plan on aging (plan) and to make recommendations; Appointing a state department of human services (state department) liaison to act as the primary contact for the commission in order to coordinate commission-related duties with the state department and other state agencies; Convening a technical advisory committee (committee) comprised of key state agency representatives to direct the implementation of the plan and the commission's recommendations; and Creating the lifelong Colorado	FN no impact. Merely changes structure of board.	Thursday, March 3 2022 GENERAL ORDERS - SECOND READING OF BILLS - CONSENT CALENDAR (1) in senate calendar.	2/28/2022 Senate Committee on Health & Human Services Refer Amended - Consent Calendar to Senate Committee of the Whole	Monitor

HB22-1046	Local Designation Of Over-snow Use Only Highways	B. McLachlan (D) M. Catlin (R) / F. Winter (D)	The bill authorizes a local government to designate all or a portion of a highway under its jurisdiction for over-snow use only when snow-packed conditions exist on the highway or for a designated continuous seasonal period for which the local government determines that snow-packed conditions are likely to exist on the highway. "Over-snow use" is defined as travel on top of snow by human-powered or animal-powered means or by an off-highway vehicle that is primarily designed or altered for use over snow and runs without tires on a continuous belt track with or without cleats, or on one or more skis while in use over snow. A local government may limit an over-snow use designation to human-powered or animal-powered travel, or both. only when necessary for the protection and safety of the public. HB22-1238	Elected Officials Approve Epidemic Duties	M. Lynch (R) / R. Woodward (R)	<p>Section 1 of the bill makes a legislative declaration. Current law gives the governor extraordinary powers when the governor declares a disaster emergency. Current law specifies that a state of disaster emergency ends after 30 days unless continued by the governor. It also authorizes the general assembly to end the state of disaster emergency by joint resolution. Section 2 limits the ability of the governor to continue a declared disaster emergency by requiring the general assembly to affirmatively act by joint resolution to continue a declared disaster emergency beyond 12 months. Unless the general assembly acts by joint resolution to continue the state of disaster emergency, the state of disaster emergency that the governor has continued for 30-day increments terminates on the three hundred sixty-fifth day after the governor first declared a state of disaster emergency. Thereupon, the governor must issue an executive order or proclamation ending the state of disaster emergency. Current law gives local health departments many powers to address epidemics. Many of these powers impose duties on people. Section 3 requires the governing body of a local government to approve any portion of a local health department's public health order that imposes duties on a class of people. If a duty relates to an emergency (emergency duty), the local health department may impose the emergency duty immediately but must submit the duty to the governing body within 7 days after adoption for the governing body's review and approval. To continue in effect, the governing body must approve the duty within 30 days after the public health order was issued and during each calendar month it continues in effect. A terminated emergency duty may not be reimposed unless a new emergency arises or the governing body approves it being reimposed. Section 3 does not apply to a temporary emergency duty placed only on a single individual so long as the local health department has reasonable evidence to believe the individual is infected with a disease that causes an epidemic or was infected within the last 30 days. Current law gives the department of public health and environment (department) many powers to address epidemics. SB22-005	Law Enforcement Agency Peace Officer Services	J. Bridges (D) J. Cooke (R)	The bill requires the department of law (department) to implement a pilot grant program (grant program) to support a law enforcement agency to retain and recruit qualified and trained P.O.S.T.-certified peace officers. The department may award grants to help fund retention programs, recruitment purposes, and to provide financial resources for law enforcement academy training, academy trainees, and continuing education opportunities. For the 2022-23 state fiscal year, \$5 million is appropriated from the general fund to the P.O.S.T. board cash fund to be spent in accordance with the purpose of the grant program and requires that no more than 2% of the appropriated funds be used for administrative purposes. The bill establishes a P.O.S.T. board committee to review grant applications and advise the department on the grant program. The bill grants the attorney general the power to administer the requirements of the grant program. The grant program is repealed effective July 1, 2024. Under current law, there is a peace officer behavioral health support and community partnership grant program (program). The program specifies the purposes that grants can be used for. The bill adds to the program purposes services that support peace officers involved in job-related traumatic situations. Additionally, for state fiscal year 2022-23, the bill appropriates \$5 million from the general fund to the peace officers behavioral health support and community partnership fund. SB22-032	Simplify Local Sales & Use Tax Administration	J. Bridges (D) R. Woodward (R) / C. Kipp (D) K. Van Winkle (R)	Sales and Use Tax Simplification Task Force. In order to enable the streamlining of the imposition, collection, and administration of sales and use taxes imposed by local taxing jurisdictions on retail sales made by retailers that have a state standard retail license and either do not have physical presence in a local taxing jurisdiction or have only incidental physical presence in a local taxing jurisdiction through the streamlining of application requirements for and elimination of fees for local general business licenses, the bill requires the department of revenue (department) to require sufficient information to be collected from such a retailer, when the retailer applies for or renews a state standard retail business license through the state's electronic sales and use tax simplification system (SUTS) or by other means or at any other time to the extent necessary, and made available to local taxing jurisdictions to ensure that concerns of local taxing jurisdictions, including but not limited to concerns relating to administrative efficiency, retailer compliance, and collection of sales and use tax revenue are addressed. The department is required to consult with local taxing jurisdictions when determining what information to collect and how to make the information collected available to local taxing jurisdictions and making and testing modifications. The department is also required to consult with retailers and to address any reasonable concerns they may have. The department is required to accomplish these tasks expeditiously so that no later than July 1, 2023, and sooner if feasible, a retailer that has a state standard retail license and either does not have physical presence within a local taxing jurisdiction or has only incidental physical presence can make retail sales within the local taxing jurisdiction without having to obtain a general business license from the local taxing jurisdiction. On and after July 1, 2022, a local taxing jurisdiction is prohibited from charging a fee for a local general business license to a retailer that has a state standard retail license, makes retail sales within the local taxing jurisdiction, and either does not have physical presence within the local taxing jurisdiction or has only incidental physical presence within the local taxing jurisdiction.	the bill reduces fee revenue to local taxing jurisdictions that use SUTS, as they are prohibited from charging a fee to relevant retailers	NOT ON CALENDAR	1/26/2022 Senate Committee on Business, Labor, & Technology Refer Amended to Appropriations

SB22-051	Policies To Reduce Emissions From Built Environment	C. Hansen (D) / E. Sirota (D)	The bill specifies that air-source and ground-source heat pump systems are household furnishings exempt from the levy and collection of property tax. The bill exempts air-source and ground-source heat pump systems from the definition of "fixtures" for property tax purposes. Beginning July 1, 2024, the bill exempts from state sales and use tax all sales, storage, and use of eligible decarbonizing building materials. "Eligible decarbonizing building materials" are defined as building materials that have a maximum acceptable global warming potential as determined by the office of the state architect. In addition, beginning January 1, 2023, the bill exempts from state sales and use tax all sales, storage, and use of air-source and ground-source heat pump systems that are used in commercial or residential buildings. The bill specifies that a statutory town, city, or county may exempt the same items only by express inclusion of the exemption in its initial sales tax ordinance or resolution or by amendment thereto. (Note: This summary applies to this bill as introduced.)	The bill has been heavily amended and the property portion removed. The bill now provides refundable income tax credit at 10% of purchase price for heat pumps and green building materials. Provides Sales and use tax exemptions for green furnaces and materials. Cuts sales and use tax revenue for local governments that use state collection system although they may expressly exempt by resolution or ordinance. SB22-075	Removal Of Cemetery District Directors	C. Simpson (R) / M. Catlin (R) S. Bird (D)	The bill allows a board of county commissioners, which appoints directors to a board of directors for a cemetery district, to remove any director from such a board for cause after giving the director notice and an opportunity to be heard. (Note: This summary applies to the reengrossed version of this bill as introduced in the second house.)	Testified. Consent Calendar.	Wednesday, March 9 2022 Transportation & Local Government 1:30 p.m. Room LSB-A (1) in house calendar.	2/22/2022 Introduced In House - Assigned to Transportation & Local Government	Support

SB22-076	Complaint Occupational License Official Acts	C. Holbert (R) / K. Mullica (D)	The bill directs the agency that regulates an occupation to dismiss a an anonymous complaint that is lodged against the holder of an occupational license, certification, or registration if the complaint is based on words said or actions taken as: An elected official of Colorado or a political subdivision of Colorado; or A member of a board or commission of Colorado or a political subdivision of Colorado. If the same type of complaint is submitted, but not anonymously, the department is authorized to dismiss the complaint. The subject of the complaint need not respond or provide evidence for the complaint to be dismissed. An exception is added for words said to or actions committed for a specific person when the license, certificate, or registration holder is speaking or acting as a member of the occupation. (Note: Italicized words indicate new material added to the original summary; dashes through words indicate deletions from the original summary.) (Note: This summary applies to the reengrossed version of this bill as introduced in the second house.) SB22-080	Wildland Fire Investigations	K. Donovan (D) / D. Roberts (D)	The bill establishes that conducting investigations of wildland fires in the state is a duty of the division of fire prevention and control within the department of public safety and makes an appropriation to fund such investigations. (Note: This summary applies to this bill as introduced.)	Division of Fire Prevention and Control (DFPC) in the Department of Public Safety (DPS) must investigate a portion of wildland fires for study of causes. This will relieve burden on local governments. to extent state takes over investigations	NOT ON CALENDAR	2/10/2022 Senate Committee on Agriculture & Natural Resources Refer Amended to Appropriations	
SB22-083	Broadband Provider's Use Of Public Rights-of-way	D. Coram (R) / M. Catlin (R)	Under current law, the department of transportation (CDOT) may enter into public-private initiative agreements with a telecommunications provider for use of the public rights-of-way. The bill creates an exception for a broadband provider's use of the public rights-of-way to the requirements for public-private initiative agreements that CDOT enters into with a telecommunications provider, and defines the term "broadband provider". The bill provides that any exclusive arrangement, lease, or other agreement CDOT enters into with a broadband provider for use of the public rights-of-way must only include reasonable fees directly related to processing the permitting application. (Note: This summary applies to this bill as introduced.)	Passed Senate unanimously as amended. Amendment requires CDOT to develop an electronic application form by August 30 with info re fees, contracts, etc. Acceptances and denials must be in writing to providers with reasons stated n writing. SB22-090	Severe Weather Notifications To Utility Customers	T. Story (D) / E. Hooton (D)	The bill requires an electric or gas utility to determine if a forecasted severe weather event (event) warrants notification to its customers located in the path of the event. If the utility determines notification is warranted, the utility shall send notification to its customers to inform customers of the event, provide specific suggestions for how to conserve energy, alert customers to the potential electricity or fuel price increase resulting from the event, and provide customer service contact information for the utility. A utility shall send notification to customers by 2 or more types of immediate communication, including text messages or alerts, e-mails, or telephone calls. Additionally, the utility may issue a public service announcement on one or more television or radio stations.(Note: This summary applies to this bill as introduced.)	may increase costs to municipal utilities for weather warnings	NOT ON CALENDAR	1/25/2022 Introduced In Senate - Assigned to Transportation & Energy	Oppose

SB22-114	Fire Suppression Ponds Water Rights	D. Hisey (R) T. Story (D) / D. Roberts (D) M. Catlin (R)	Section 1 of the bill makes legislative findings and declarations. Section 2 allows a board of county commissioners (board) to apply to the state engineer for the designation of a pond as a fire suppression pond. The director of the division of fire prevention and control (director) in the department of public safety is required to promulgate rules to establish criteria for boards, in consultation with fire protection districts, to use to identify and evaluate potential fire suppression ponds. For each pond that is identified and under consideration as a potential fire suppression pond, a board must provide notice of such fact to the state engineer and to interested parties included in the substitute water supply plan notification list established for the water division in which the pond is located. Section 2 also prohibits the state engineer from draining any pond: While the pond is under consideration for designation as a fire suppression pond; If the state engineer has designated the pond as a fire suppression pond; or On and after the effective date of the bill, and until the date upon which the director promulgates rules, with exceptions. Section 2 also states that a fire suppression pond and the water associated with it: Are not considered a water right; Do not have a priority for the purpose of determining water rights; and May not be adjudicated as a water right. Section 3 requires the state engineer to review applications received from boards and, at the state engineer's discretion, designate ponds as fire suppression ponds. An application is presumed to be approved if the state engineer does not respond to the application within 63 days after the application is received by the state engineer. The state engineer may not designate any pond as a fire suppression pond unless the pond existed as of January 1, 1975. Section 3 also allows the state engineer to impose reasonable requirements on a board as a condition of designating a pond as a fire suppression pond and requires a board and a fire protection district to inspect a fire suppression pond at least annually. The designation of a pond as a fire suppression pond expires 20 years after the date of the designation. Before the expiration, the board and the fire protection district must perform a needs	CCI appears to have completed final amendment to bill prior to hearing on 3/3/2021. Unless successful in meeting criteria for a firefighting pond, any pond that does not have an associated water right or augmentation plan will need to be drained under state engineer orders. To be eligible to be evaluated as a firefighting pond, the pond must have been created prior to 1972. SB22-118	Encourage Geothermal Energy Use	R. Woodward (R) / R. Holtorf (R) D. Valdez (D)	The bill modifies the following statutory provisions that apply to solar energy so that they also apply to geothermal energy, which generally is using the heat of the earth to generate electricity or to heat or cool space or water: Section 1 of the bill requires the Colorado energy office (office) to develop basic consumer education and guidance about leased or purchased geothermal installation, in consultation with industries that offer these options to consumers; Sections 2, 6, and 8 limit the aggregate of all charges or other related or associated fees the state, a county, or a municipality may impose or assess to install a geothermal energy system; Section 3 specifies that geothermal equipment is a type of pollution control equipment that the division of administration in the department of public health and environment may certify as pollution control equipment; Section 4 specifies that a "project" for purposes of the "County and Municipality Development Revenue Bond Act" includes capital improvements to existing single-family residential, multi-family residential, commercial, or industrial structures, to retrofit such structures for installation of geothermal improvements; Section 5 permits a county board of commissioners or a regional planning commission, and section 9 requires a municipal development commission, to include methods for assuring access to appropriate conditions for geothermal energy sources in a master plan for development; Section 7 specifies that the addition of a geothermal energy device to a building is not necessarily considered a structural alteration for purposes of continuing a nonconforming use of a building, structure, or land under a county zoning resolution; Section 10 permits the Colorado agricultural value-added development board to use some of the money in the agriculture value-added cash fund for geothermal energy generation facilities that are colocated with agricultural uses; Section 11 adds a geothermal energy device to the types of renewable energy generation devices that cannot be prohibited in legal instruments related to the transfer or sale of, or interest in, real property; Section 13 includes an independently owned geothermal energy system, which is defined in section 12 , in the		Thursday, March 3 2022 SENATE STATE, VETERANS, & MILITARY AFFAIRS COMMITTEE Upon Adjournment Old Supreme Court (1) in senate calendar.	2/22/2022 Senate Committee on State, Veterans, & Military Affairs Witness Testimony and/or Committee Discussion Only	Deliberatin g

SB22-119	Conservation Easement Tax Credit	C. Simpson (R) F. Winter (D)	<p>The bill creates a new state income tax credit (new credit) for certain taxpayers who were denied state income tax credits for conservation easements donated between 2000 and 2013 (original credit) if the federal internal revenue service allowed a federal income tax deduction for the same donation. A donation is eligible for the new credit only if the land subject to the donated conservation easement for which the original credits were disallowed was owned by the landowner, a family member of the landowner, or a trust or other legal entity controlled by the landowner or one or more members of the family of the landowner for not less than 3 consecutive years prior to the date of the donation. The amount of the new credit is based upon the amount of the original credit that could have been claimed at the time of the original donation based upon the value of the donation accepted by the internal revenue service; except that the fair market value of the land used to calculate the value of the new credit cannot exceed 250% of the donor's cost basis in the land subject to the donated conservation easement. The amount of the new credit is reduced by any amount that was allowed to be claimed against Colorado income tax or otherwise reinstated to the claimant of the original credit. The new credit is not refundable but may be carried forward or transferred in the same manner as the original credit. The department of revenue is required to make information about the new credit available online. The bill establishes a process for applying to the division of conservation to claim the new credit. If the original credit that was denied was transferred to another taxpayer as transferee, the bill provides a process for all parties to the transaction to submit a mutual application to claim the new credit or, if there is objection, an ombudsman process to resolve disputes about the distribution of the credit. SB22-126	Prioritize Water Storage Projects South Platte Basin	J. Sonnenberg (R) K. Donovan (D) / R. Holtorf (R)	The Colorado water conservation board (board) finances water projects throughout the state. Current law requires the board to prioritize projects that will increase the beneficial consumptive use of Colorado's undeveloped compact-entitled waters. The bill includes within this priority a specific priority for projects that increase or improve water storage in the South Platte river basin as a means of increasing the beneficial consumptive use of undeveloped water entitled under the South Platte river compact and in a manner that reduces reliance on transmountain diversions.(Note: This summary applies to this bill as introduced.)	Amended in committee to add declaration about compact compliance and need to store undeveloped water to which Colorado is entitled. Says projects should include those include projects in South Platte basin (sending a message to Nebraska that we will defend Colorado water rights.) SB22-138	Reduce Greenhouse Gas Emissions In Colorado	C. Hansen (D) / A. Valdez (D)	<p>Section 1 of the bill requires each insurance company issued a certificate of authority to transact insurance business to prepare and file an annual report with the insurance commissioner providing a climate-risk assessment for the insurance company's investment portfolio from the previous 12 months. The commissioner of insurance is required to post the reports on the division of insurance's website. Section 1 defines "climate-risk assessment" as a determination of the economic and business risks that climate change poses to an investment. Section 2 requires the board of trustees of the public employees' retirement association (PERA board) to prepare a similar annual report and post it on the PERA board's website. Section 3 updates the statewide greenhouse gas (GHG) emission reduction goals to add a 40% reduction goal for 2028 compared to 2005 GHG pollution levels and a 75% reduction goal for 2040 compared to 2005 GHG pollution levels. Section 4 defines a small off-road engine as a gasoline-powered engine of 50 horsepower or less used to fuel small off-road equipment like lawn mowers and leaf blowers. Section 4 phases out the use of small off-road engines by prohibiting their sale in nonattainment areas of the state on or after January 1, 2030, and by providing financial incentives to promote the replacement of small off-road engines with electric-powered, small off-road equipment before 2030. Section 11 establishes a state income tax credit in an amount equal to 30% of the purchase price for new, electric-powered, small off-road equipment for purchases made in income tax years 2023 through 2029. Section 6 gives the oil and gas conservation commission authority over class VI injection wells used for sequestration of GHG, including through the issuance and enforcement of permits. Section 7 requires the commissioner of agriculture or the commissioner's designee, in consultation with the Colorado energy office and the air quality control commission, to conduct a study examining carbon reduction and sequestration opportunities in the agricultural sector in the state, including the potential development of certified carbon offset programs or credit instruments. HB22-1244	Public Protections From Toxic Air Contaminants	C. Kennedy (D) S. Gonzales-Gutierrez (D) / J. Gonzales (D)	<p>The bill creates a new program to regulate a subset of air pollutants, referred to as "toxic air contaminants", which are defined as hazardous air pollutants, covered air toxics, and all other air pollutants that the air quality control commission (commission) designates by rule as a toxic air contaminant based on its adverse health effects. In implementing the program, the commission has the authority to adopt rules that are more stringent than the corresponding requirements of the federal "Clean Air Act". Beginning no later than January 1, 2024, and every 5 years thereafter, the commission will review the list of existing toxic air contaminants and determine whether to add any additional toxic air contaminants to the list. On or before April 1 of each year, beginning on April 1, 2024, owners and operators of major and synthetic minor sources of pollution will submit to the division of administration (division) in the department of public health and environment (department) an annual emissions inventory report that reports the levels of criteria air pollutants and toxic air contaminants that were emitted by the source in the preceding calendar year, beginning with January 1, 2023, to December 31, 2023. Beginning no later than January 1, 2024, the division will develop a monitoring program to determine the concentration of toxic air contaminants in the ambient air of the state. The monitoring program will establish at least 6 long-term monitoring sites</p>		NOT ON CALENDAR	2/16/2022 Introduced In House - Assigned to Energy & Environment

SB22-131	Protect Health Of Pollinators And People	S. Jaquez Lewis (D) K. Priola (R) / C. Kipp (D) M. Froelich (D)	The bill implements a number of measures to protect pollinators and people throughout the state. Section 1 of the bill makes legislative findings. Section 2 restricts the use of pesticides on the grounds of a school, preschool program, child care center, or children's resident camp and requires that notification be sent when a pesticide is used at such a location. The executive director of the department of public health and environment may adopt rules to implement section 2. Section 3 requires the executive director of the department of natural resources or the executive director's designee (DNR executive director) to conduct a study on how to address pollinator decline and increase pollinator health in the state. In conducting the study, the DNR executive director shall consult with other state agencies and with scientists with expertise in pollinator health, ecological processes, biodiversity, native plants, and ecological land management. The DNR executive director shall submit a report of the study to the general assembly and the governor on or before January 1, 2024. Section 4 creates a pilot grant program in the department of agriculture to provide financial grants to agricultural producers to test the use of noncoated seed-applied systemic insecticide on their crops. Sections 5 and 6 require the commissioner of agriculture to adopt rules designating as restricted-use certain pesticides that contain an active ingredient belonging to the neonicotinoid class of insecticides or the		Thursday, March 3 2022 SENATE AGRICULTURE & NATURAL RESOURCES COMMITTEE 1:30 PM Old Supreme Court (2) in senate calendar.	2/10/2022 Introduced In Senate - Assigned to Agriculture & Natural Resources
