# 1 – Agenda

## GUIDELINES FOR PUBLIC INPUT

***Public Input is a vital and important portion of every meeting and will be permitted throughout the meeting, but according to the following guidelines:***

- a. Public input is allowed during the Agenda identified **Public Input** and **Public Hearing** portion of the meeting.
  - i. If you would like to address the meeting during the appropriate times, please raise your hand and when called upon you will be asked to come to the podium. ***Announce your name*** so that your statements can be adequately captured in the meeting minutes.
  - ii. ***Please keep your comments to 3-5 minutes*** as others may want to participate throughout the meeting and to insure that the subject does not drift.
- b. Throughout the meeting agenda calls for public input will be made, generally pertaining to specific action items. Please follow the same format as above.
- c. At the conclusion of the meeting, if the meeting chair believes additional public comment is necessary, the floor will be open.

We hope that this guideline will improve the effectiveness and order of the Town's Public Meetings. It is the intent of your publicly elected officials to stay open to your feelings on a variety of issues.

Thank you, Rangely Mayor

## 8 – Public Hearings

## **Ordinance 695 (2021)**

AN ORDINANCE ENACTING SOME NEW SECTIONS, WITHIN SECTION 9.04 OF THE RANGELY MUNICIPAL CODE AND PROVIDING FOR THE REGULATION OF TOBACCO PRODUCTS

**WHEREAS**, the Board of Trustees of the Town of Rangely (“Council”) determined to schedule a public hearing to obtain public input adding new definitions and sections within Section 9.04 of the Rangely Municipal Code (“Code”), thus adding regulations for Tobacco Products

**WHEREAS**, public hearings were held on June 8th, 2021 and July 13, 2021 by the Council at the Rangely Town Hall with public notice thereof having been given in the Rio Blanco Herald Times newspaper on June 3<sup>rd</sup>, 2021 and July 8<sup>th</sup>, 2021; and

**WHEREAS**, effective December 20, 2019, the Federal minimum age for sale of tobacco products changed from 18 years of age to 21 years of age; after said date, it is and has been unlawful for a retailer to sell any tobacco product, including cigarettes, cigars, and e-cigarettes to anyone under 21 years of age. That Federal law does NOT include an exemption to purchase tobacco products for persons who were 18 years old or older as of December 2019 or for active U.S. military personnel under 21 years of age; and

**WHEREAS**, use of all tobacco products including vaping devices on school property is prohibited under Colorado’s Tobacco Free Schools law. The Council is informed that the Rangely’s RE-4 school district will ensure that its policy meets or exceeds the standards of Colorado’s Tobacco Free School law by implementing best practices for communicating tobacco policies and procedures, implementing best practices for resources to assess tobacco use behavior around the school, and have appropriate signage located on school property and strategies for enforcement.

**WHEREAS**, the Council has duly considered the input given at such hearings by the public; and,

**WHEREAS**, based on the testimony received, the advice of Town staff and the experience of members of the Council,

**NOW, THEREFORE, BE IT ORDAINED BY THE BOARD OF TRUSTEES OF THE TOWN OF RANGELY, COLORADO:**

It is for the health, welfare and safety of the best interests of the citizens, especially the minor citizens, of the Town that new sections within Section 9.04 of the Code be added as set forth below, and the BOARD FINDS AND DETERMINES that the facts contained herein justify and mandate that such changes be made to the applicable provisions of the Code, and that the regulation of tobacco products is necessary for the public health, welfare and safety, to wit:

**1. New definitions are hereby adopted, and added to Section 9.04.020, to wit:**

**Section 9.04.020 Definitions**

8. The term “*tobacco product*” means any device or product containing tobacco leaf which is intended to be, or is used to be, introduced into any portion of a user’s body by smoking, inhaling, chewing or placement into the mouth or otherwise being introduced into a human’s body including, but not limited to, cigars, cigarettes, cigarillos, chewing tobacco, pipe tobacco, roll-your-own tobacco, snus, bidi, snuff, tobacco-containing shisha, dissolvable tobacco products. “*Tobacco product*” shall also include electronic smoking devices that deliver substances to the user by turning liquid into vapor that is inhaled. “*Electronic smoking devices*” include but are not limited to electronic cigarettes, cigars, cigarillos, pipes and hookahs. “*Tobacco product*” does not include any product that the Food and Drug Administration of the United States Department of Health and Human Services has approved as a tobacco use cessation product.
9. “*Smoking*” means, but is not limited to:
  - i. The placement, carrying or possession of a device or instrument in one’s mouth for the purpose of inhaling or exhaling smoke or vapor or blowing smoke or vapor rings.
  - ii. The placing of a lighted smoking instrument in an ashtray or other receptacle or in such a way as to allow any smoke or vapor containing tobacco to diffuse into the air.
  - iii. The possession, carrying or placement of a “*smoking instrument*” in a person’s hand or any appendage or device by which tobacco smoke or tobacco vapor will diffuse into the air or directly into the body of a person; and
  - iv. The inhaling or exhaling of smoke or vapor from a lighted smoking instrument.
10. *Self-service display* means any retail tobacco product display to which customers have direct physical access, including cigarette and tobacco product vending machines.

11. *Minimum legal sales age* means the age of a person to whom a retailer or other person can sell, barter or transfer possession of a tobacco product to, and is abbreviated below as *MLSA*.
12. *Vending machine* means any mechanical, electric or electronic self-service device which, upon insertion of money, tokens or other form of payment, dispenses a tobacco product.
13. *Smoking instrument* means a device or instrument of any kind which can be used to deliver substances, including but not limited to, nicotine, tobacco, marijuana, or any other substance, or a combination thereof, to the person using or in close proximity to the device or instrument. *Smoking instrument* includes, but is not limited to, cigarettes, cigars, cigarillos, pipes and hookahs, and electronic smoking devices.
14. *Lighted* or *lit* means to combust or burn, vaporize, or otherwise cause to be converted from a liquid or a solid into a vapor or a gas, such as by use of fire, a flame, battery, electricity or focused light.
15. *Electronic smoking device* means an electric or battery-operated device which can be used to deliver substances, including but not limited to nicotine, tobacco, or marijuana, to the person using such device. An *electronic smoking device* includes, without limitation, electronic cigarettes, electronic cigars, electronic cigarillos, electronic pipes, and electronic hookahs. An electronic smoking device includes any component, part or accessory of such device whether or not sold separately, regardless of the content of nicotine or the content of any other substance intended to be vaporized for human inhalation during the use of the device.

**2. A new section 9.120, titled *Offenses Relating to Tobacco Products* is hereby adopted, to read:**

- A. It shall be unlawful for any person under the age of 21 (for purposes of this ordinance, a “*minor*”) to knowingly to possess, consume or use tobacco products either by smoking, ingesting, absorbing, or chewing. It shall be unlawful for any person to knowingly furnish to any minor, by gift, sale or any other means any tobacco product. It shall be unlawful for any business proprietor, manager or other person in charge or control of a retail business of any kind to engage, employ or permit any person to provide, sale or any other means a tobacco product to a minor.
- B. The Rangely Police Department may after referral and investigation issue a municipal court summons and complaint to the violator if the violator, on a first contact, refuses to immediately cease and desist from: the use or possession of a tobacco product, or the use or possession of a smoking instrument or the possession or use of an electronic smoking device; and on a second or subsequent contact, possesses or uses a tobacco product or a smoking instrument or an electronic smoking device. . .

- C. For each such summons and complaint, the Council recommends that the municipal court impose useful public or community service as a sentencing option upon conviction. Council also recommends that parents and guardians of minors are required to be present with the minor at all stages and appearances in the municipal court.
- D. The Council further recommends that the Police Chief, the Town Attorney and the Municipal Judge, either with or separate from any local public health agency, refer all appropriate minor violators to such sentencing alternatives as “Tobacco Education Second Chance.” See, <https://coloradohub.org/resources/tobacco-education-program-second-chance/>. “Second Chance” is a free, on-line interactive and self-directed alternative for teens who violate tobacco policy at school or in the community and for teens who are experimenting with tobacco but have not violated any policy or law.

**3. The following provisions are also hereby adopted:**

- A. If any part of this ordinance is invalidated for any reason, it shall not affect the validity of the remaining portions of this ordinance.
- B. This ordinance shall be effective thirty (30) days after publication following final passage.

**-End of text of Ordinance-**

The said Board of Trustees, also known as the Town Council, hereby deems it appropriate to publish the title of this ordinance which summarizes the ordinance and hereby gives notice that the entire text is available for public inspection and acquisition in the office of the Town Clerk.

## Day #1 and Day #2: Meeker and Rangely including the Piceance Basin

### Highlights:

1. Economic Realities and Opportunities
2. White River Integrated Water Initiative Goals
  - a. Forest Health
  - b. Riparian Health
  - c. Rangeland Health
  - d. Favorable Stream Flow
  - i. Wolf Creek Reservoir Site Overview

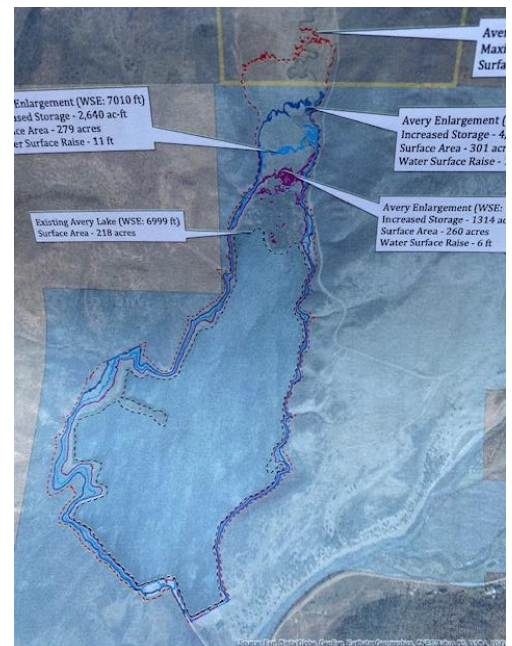

In the high mountain desert where rainfall can be intermittent, non-existent, or heavy, the management of water resources is important. The use of storage systems to gather and maintain water more effectively in the aquifer for extended usage is critical. This storage can better maintain lower

instances of algae blooms that can affect the “palatability” drinking water, temperatures in the water that can adversely affect fish and other water inhabitants, and more measured releases when “calls” are made on the water due to water rights. This is true for all locations in Rio Blanco County and one suggested solution near Rangely is the creation of the Wolf Creek Reservoir site.

- e. Lake Avery Proposed Enlargement and Flow-Release History (Yellow Jacket Water Conservancy/State Water Engineer and DOW)

There are two proposals to enlarge Lake Avery (Big Beaver Reservoir). One is to rebuild the existing dam/spillway to mitigate leaky and aging structure building it higher and deeper to effectively increase the storage capacity without needing to increase the loss of land (est. cost 20-40 Million). The second is to simply repair the existing structure to allow the reservoir to expand back into land behind it (est cost 8-10 Million). Again, this can support all initiatives noted in (2) above. (Costs not necessarily accurate)

### 3. Day #1: Rangeland Monitoring: Wild Horse Populations and Livestock

#### a. Drought, Wild Horse Numbers, the Wild Horse and Burro Act of 1971

- i. Requires the BLM to maintain a balance between what the land can actively support in terms of wild horse populations and other grazing leases.

- ii. The land is dry—dust consistency and will present a future starvation issue for wild horses unless brought

into compliance with the Horse Management Unit (HMU) directives.

- iii. Public Concerns and Front Range Involvement

### 4. Day #2: Wolf Introduction, Forest and Water Connections, Agency Site Groundwater: State Officials

#### a. Wolf Introduction discussion by rancher L. Klinglesmith

- i. State citizens advisory Group. Introduction plans that reduce expected impacts
- ii. Put the wolves in counties that want them

#### b. Fire Mitigation: US Forest Service Officials

- i. Prescribed burns
- ii. South Fork Aquifer and fire sites

### 5. White River Agency Aquifer Discussion: CO River District Staff

- a. Benefits of Flood Irrigation as opposed to other types.
- b. “Slow-Release” Aquifer due to gravel substrate

- Dispatcher Beans and Dispatcher Steele-Mackay attended Colorado Open Records Act (CORA) training hosted by GJPD.

### GAS DEPARTMENT/Building & Grounds – SUBMITTED BY KELLI NEIBERGER

---

#### Project status/Current Issues:

- Meter Reading, get reads off large meters, go over reports and meter proof, make corrections, reprogram meters, final meter proof, recheck proof after gas rate calculated – make final changes.
- Gas usages and rate for August

- Weekly charts, pressures, odorant check
- Leak Calls – 2
- Customer Calls – 0
- Carbon Monoxide tests - 0
- Locates for August - 42
- Work Orders – 23
- NPSO – (Non-payment shut-offs) – started with 5 and 1 customer was shut off
- 2022 Budget – work on Capital Outlay and Capital Improvements for 2022 – also work on 5-year plan for these projects and needs.
- Periodic Meter Changes – we have completed about 90% of these for 2021. Final notice for customers to call about their meter change was delivered this month. We need people to schedule these by the end of September.
- Periodic monitoring of Border Station
- Purchasing – we continue to purchase necessities but are being careful not to spend unnecessarily.
- Checks on construction crews working in Town.
- Call schedule September 2021
- Average low temperature July
- Mapping and paperwork
- Update meter files
- Write article for the Rangely Review
- Change out electronic reading devices at 2 locations where the meter was no longer reading
- Calibrate equipment
- Work has begun on La Mesa for the water line installation. We will keep our gas lines located and assist in any way we can, so the project is completed in a timely manner.
- The fire suppression systems have had their annual inspections at Town Hall and White River Village
- We have been fogging for mosquitos
- General work orders and maintenance at Town Hall and White River Village
- Repairs, and maintenance on apartments at White River Village
- Boiler repairs at White River Village. Water was off to the front building for a couple of hours.
- Work on Main St. project in front of Town Hall – build wall, move sprinklers, spread gravel in areas
- Sanitize surfaces at shop and in office
- Trim trees
- Weeding and mowing
- Clean shop and wash trucks

#### Personnel Issues/Events:

- Heath was off for 2 weeks in August. Bryan has a week scheduled off for September. Employees have time that needs to be used up before the end of the year. We will be short-handed for many weeks until years' end.

#### Notable Issues/Events:

- Safety Committee Meeting was August 19th
- The Town of Rangely Gas Dept. received an award from the American Public Gas Association for safety. We have won this award for 5 years in a row.

## Water/Wastewater – Submitted by Donald Reed

### Project status/Current Issues:

### Water Treatment Plant:

General note. The Department remains in full operations but is still adhering to Covid-19 policies and procedures.

- August has been a challenging time, we experienced low flows from the river around 46 CFS (cubic feet per second) but then got a reprieve from weather conditions that dropped almost 1" of rain. These conditions created spikes in our lab results, so operators had to monitor our treatment processes very closely on a daily basis. The river intake screens took in a lot of filamentous algae that had to be cleaned, but this problem was different this year than it was in previous years. Going into September we will still have lower flows than normal, but the department believes will get through another year without having to implement water restrictions. We stocked up on a majority of our chemicals needed for treatment processes due to lead times being extended from manufacturers and we are going to order enough that will hopefully get us into next year.
- Down River Extension Project---Is still moving forward. The Water Conservancy District has a meeting with DOLA representatives on receiving grant funding to help subsidize the overall cost of the project. DOLA was favorable with this since it was an extension of the Town's system and with explicated funding is available for this type of project. They've also continued meetings with potential users to further reduce the cost. Have informed them the Town also supports this project.
- Started working on 2022 annual budget and capital improvement projects with outlining these projects over the next few years.

- The La Mesa water line project broke ground on the 24<sup>th</sup>, we had a little issue with the outlay of the main line tap but Mike was able to reroute the location of tap and resolve this problem. Will update as progress moves forward.
- Completed 80% of the Utilities Master Plan. It is a work in progress. We have been extremely busy this year and haven't had time to get back to the plan.
- The Chevron Operator agreement has been signed and activated and we are working on getting the initial items that needed to be purchased and installed by Chevron along with the initial sampling and flushing that needs to take place as part of the agreement.
- The annual flushing program is near its completion for this year, in upcoming months we will look at alternative methods for better disbursement of the water to make it more beneficial to the town.
- The department is still working on isolating the different pressure zones throughout the town to help determine which areas have the highest amount of water loss. Some of the loss is in the metering loss throughout the entire town. We have some positive results and have reduced the water loss percentage by about 14%, since we determined that Low Zone is where our attention needed to be and by pressure testing, we are able to find some leaks and repaired them. This is a pain staking, time consuming task to achieve and with future ductile lines that still needing replacement that number will be reduced even more. Current water loss is between 6-10% on a monthly average.
- Monthly compliance reports were sent to state with no compliance violations for this reporting period.
- Michael is working on acquiring a contractor to work with the Town for the Backflow Cross-connection program he's thinking of contacting other companies, the past company is not responding to his calls and the clock is ticking.
- Raw irrigations system has operated ok during the month of August. Plus started working on a proposal for a new irrigation pond to replace tank.
- Started working on proposed projects for the 2022 budget and capital improvements. The following are projects that are of concerns for the Utilities Department.
  - New raw bulk water system, located at park by Wastewater Treatment Plant project will incorporate a new overhead raw water pump station system, and a new pumping system for the irrigation for the WWTP and future expansion of irrigation system on the west side of town.
  - Add an additional Pre-Set Pond for the water plant treatment facility to aid in the event of an actual drought restriction implementation. This idea was also brought to Chevron's attention in case of their requirement to need water for operations.
  - Install a new raw water pond located just east of the current raw water tank which has exceeded its life expectancy, this pond would allow for some expansion to the system such as the churches.
  - Reroute and install a new 4" pipeline to feed the Northwest area of Town down by the Animal Shelter.

#### Wastewater Plant:

- Head Works Building Project—Completed working out most of the bugs on engineering and reviewing specifications documents required for the project. Currently we are waiting on the final specs from electrical and mechanical building configurations so we can go to bid, this item should be completed in the first week of August. Hoping to break ground by October. The department is also working the materials list required for construction. The sooner we can order materials the better off we will be. Will keep Council posted.
- State Compliance Reports were sent out with no violations.
- Continuing UV upkeep for as long as possible before switching over to CL2 gas.

#### Utility Department Activities:

- Had 49 Locates, meter reads and rereads, 5 Work orders. High/Low usage report.
- Worked on potholing up on La Mesa for the water line project.

- Attended meetings with PAC and Douglas Creek Advisory Board and Water Conservancy.
- Researching of 1922 Colorado river Compact and other interstate agreements on water rights.

**Subject:**

We had a great time at Septemberfest. Loved Bud's cars, again. Great parade on Monday: so great to see everyone lining Main Street. It was like a Norman Rockwell painting! And, I had a great time meeting the cribbage masters in the tourney. Is the director Tim? Anyhow, the Rec Director ran the cribbage tourney, and he won! Someone screwed up with The Tank tour on Sunday: We drove out and it was closed to us, 'cause someone was recording all day. The fireworks were some of the best we'd ever seen. And we loved the Rangely Museum. And I got to see Andy flipping pancakes!

### Dinosaur National Monument Moves from Stage II to Stage I Fire Restrictions

Dinosaur, CO & Jensen, UT – Due to current and forecasted weather, Dinosaur National Monument will move from Stage II to Stage I Fire Restrictions at 12:01 am on Friday, September 10, 2021, and continue in Stage I Fire Restrictions until further notice.

Restrictions for the monument include prohibition of:

1. Building, maintaining, attending, or using a fire, campfire, charcoal, coal, or wood stove fire, outside of a developed recreation site or improved site. Exceptions to developed recreation sites or improved sites are Echo Park Campground and Gates of Lodore Campground, where all fires are prohibited including in monument provided fire rings. Petroleum-fueled stoves and lanterns will still be allowed.
2. Smoking, except within an enclosed vehicle, a developed recreation site, or while stopped in an area at least three feet in diameter that is barren or cleared of any flammable material.
3. Fireworks are always prohibited in Dinosaur National Monument.

The use of fire by visitors in the monument is regulated to protect monument resources and visitors. The intent of Stage I Fire Restrictions is to reduce the number of human-caused fires during periods of very high fire danger, by decreasing potential sources of ignition.

Any violation of these prohibitions is punishable by a fine of up to \$5,000, or imprisonment up to six months, or both.

For more information, please call (435) 781-7700 or email [dino\\_information@nps.gov](mailto:dino_information@nps.gov). You may also follow [dinosaurnps](#) on social media such as Facebook, Instagram or Twitter.
