

Town Council Packet
November 22, 2022 @ 7:00pm

1 – Agenda

GUIDELINES FOR PUBLIC INPUT

Public Input is a vital and important portion of every meeting and will be permitted throughout the meeting, but according to the following guidelines:

- a. Public input is allowed during the Agenda identified **Public Input** and **Public Hearing** portion of the meeting.
 - i. If you would like to address the meeting during the appropriate times, please raise your hand and when called upon you will be asked to come to the podium. ***Announce your name*** so that your statements can be adequately captured in the meeting minutes.
 - ii. ***Please keep your comments to 3-5 minutes*** as others may want to participate throughout the meeting and to insure that the subject does not drift.
- b. Throughout the meeting agenda calls for public input will be made, generally pertaining to specific action items. Please follow the same format as above.
- c. At the conclusion of the meeting, if the meeting chair believes additional public comment is necessary, the floor will be open.

We hope that this guideline will improve the effectiveness and order of the Town's Public Meetings. It is the intent of your publicly elected officials to stay open to your feelings on a variety of issues.

Thank you, Rangely Mayor

Town of Rangely

To Whom It May Concern:

Thank you for honoring this request in support of the Murder Mystery event. I responded to Candra Robie some time ago approving this event as well as the service of beer and wine at this December 3, 2022 event as well. I only ask that we take care to ensure that those serving alcohol are not also drinking. As well, I ask that we take extra care to request and inspect IDs and to observe alcohol service protocols and state and federal laws.

Regards,

Lisa Jones

Re: Murder Mystery Dinner – CNCC Athletic Fundraiser

To Whom It May Concern:

Regarding identification checking and monitoring underage drinking at the CNCC Athletics, Murder Mystery Event, there will be two points of ID checks at this event. The first point will be at the main door leading into the event where tickets will be received. Anyone under the age of 21 will receive a red wristband. If this wristband is removed for any reason we have a second point of ID check in place, which will be at the table that contains the alcohol. There will be two athletic administrators, Eric Benedick and Melissa Hardman, along with seven members of the coaching staff that will be either checking ID's at the main point, at the table serving alcohol or floating around the event to ensure there is no underage drinking.

We are confident that with nine athletic staff members in place that we can make sure that identification is checked and ensure that no underage drinking will take place. If more information is needed about the event please contact me at 970-675-3356.

A handwritten signature in black ink that reads "Candra Robie". The signature is written in a cursive, flowing style.

RE: Special Event Permit for CNCC Foundation Fundraiser "Murder Mystery" Dinner liquor license

Date: November 10th, 2022

I have reviewed the application for CNCC Foundation Fundraiser "Murder Mystery" Dinner liquor license. This event has previously been held with no issues. All alcohol sales will be governed by local ordinance and state laws. I see no issues with issuance of this liquor license.

2023 Assistance Grant Funding Information

The Assistance Grants Program supports public water systems that are interested in committing to excellence, but lack the financial resources to do so. The assistance grants program provides financial assistance for systems that need help reaching or exceeding compliance requirements or addressing a water quality challenge. This program primarily funds infrastructure projects and requires systems to address operational and administrative improvements, such as emergency response plans, main break response procedures, and storage tank inspection plans. This is an effort to meet safe drinking water program goals and help water systems achieve these goals.

These grants are intended to:

- Help systems reach or maintain more consistent compliance with the Colorado Primary Drinking Water Regulations.
- Address a potential or existing water quality challenge.

Grants can be awarded up to \$25,000 with a total of \$150,000 to be awarded annually. Projects must be completed within the calendar year they are awarded. After the application period has closed, applications and referrals will be reviewed and ranked.

Projects will be ranked taking into account:

- Feasibility.
- Timeline (must be completed by December 2023).
- Impact.
- If the water system is located in a disproportionately impacted community.

In addition to these external applications, division personnel also refer projects to this program.

A division committee will evaluate top ranked systems will be evaluated by a division committee and finalists will be notified by **February 2023**. Grants through this program are subject to the availability of funding.

Use [this form](#) to apply. If you have any questions or concerns please reach out to Aracely at aracely.navarro@state.co.us.

CPDHE Assistance Grant Application

11/17/2022

The State is accepting applications for up to \$25,000 in funding for water quality projects that can be completed by the end of 2023. There is no match for this grant, but the application must be submitted by November 25th of this year.

We propose to apply for this grant to fund a tank mixer for our Middle Zone Tank.

We have issues with tank turnover during the warmer months that cause chlorine residuals to drop and disinfection byproducts to increase.

During recent training and networking, we discovered we were not the only community with this issue. Upon consulting PSI Technologies, the same company who we got our MicroClor (Chlorine generator) from, they suggested a submersible tank mixer. This is a special pump that sits on the bottom of the tank and creates a vortex that mixes the entire tank. The pump they have suggested to use uses 120v single phase power, which we already have at the tank.

The total cost of the pump, based on a quote I received in October of this year, is \$22,010. This includes the pump, an enclosure for the power, adaptability to SCADA if we ever find it necessary, and start up by the company. Alan Ducey quoted me an estimated \$1,000 to run a dedicated 20A circuit to the pump. We, the Town, would be tasked with completing the install of the pump, but believe there would not be any issues for us to accomplish this in house. We estimate our labor to be \$1,200, bringing the total cost of the project to an estimated \$24,210.

This grant is specifically for improving water quality and after previous conversations believe it would be in the best interest of the Town of Rangely to apply for the grant to acquire this piece of equipment.

Thank You,

Michael Dillon
