GUIDELINES FOR PUBLIC INPUT

Public Input is a vital and important portion of every meeting and will be permitted throughout the meeting, but according to the following guidelines:

- a. Public input is allowed during the Agenda identified **Public Input** and **Public Hearing** portion of the meeting.
 - i. If you would like to address the meeting during the appropriate times, please raise your hand and when called upon you will be asked to come to the podium. ***Announce your name*** so that your statements can be adequately captured in the meeting minutes.
 - ii. ***Please keep your comments to 3-5 minutes*** as others may want to participate throughout the meeting and to insure that the subject does not drift.
- b. Throughout the meeting agenda calls for public input will be made, generally pertaining to specific action items. Please follow the same format as above.
- c. At the conclusion of the meeting, if the meeting chair believes additional public comment is necessary, the floor will be open.

We hope that this guideline will improve the effectiveness and order of the Town's Public Meetings. It is the intent of your publicly elected officials to stay open to your feelings on a variety of issues.

To: RDA/RDC Board of Directors

From: Richard Smith

Mr. Chairman Key and Distinguished members of the Board,

I am writing you regarding the open vacancy position that you have on the board. I am currently the new director for the Rangely Area Chamber of Commerce. I was hired in April of this year and have taken over since Konnie left in the first part of this month. It is my combined experience and education that leads me to write this letter detailing the qualifications I can bring to the board.

I have served the City of Black Hawk in various capacities. I was a Commissioner of the Historic Preservation Commission for two years and elected Chairman, a position I held for four years. As Chairman of the Historic Preservation Commission, I was responsible for meeting with the city planning department director to set meeting agendas as well as meeting with the various state officials. This experience has given me the opportunity to work firsthand with different state and federal agencies. During this time, I became a Board Member with the Black Hawk/Central City Sanitation District. Beyond this, I have also bolstered my experience in the classroom by achieving my bachelor's degree in Public Administration.

It is my holistic experience working with and for the public as well as my education that makes me a well-qualified candidate, which I hope I have demonstrated to you today. I welcome the opportunity to further discuss my qualifications and enthusiasm to be a board member for the RDA/RDC.

Sincerely,

Richard J. Smith

A MESSAGE FROM MICHELLE

Here we are, rounding out the fifth month of the COVID-19 pandemic. Since early March, we've all had to quickly adapt to new information and protocols. Change is never easy; however, I am incredibly proud of how quickly the Mind Springs Health staff adapted to virtual therapy within a matter of days during the "Stay at Home" order and continues to accept changing environments as the pandemic lingers. Our staff and clients have embraced our new model of service delivery, which is a combination of both traditional, "in-person" therapy and telehealth, which can be provided via video or telephone. Some of our clients prefer in-person therapy, while others prefer telehealth, as it facilitates greater access to services. We will continue to customize sessions for each client to ensure they're receiving the care they need in a format that works well for them.

Our office continues to remain "open for business" to help not only our existing clients, but new clients who are grappling with anxiety, depression, or other impacts of the everyday stressors that bring mental health issues to the forefront during difficult times.

I recently asked a friend how they were doing during these trying times and they responded with, "I'm struggling, but it's not that bad." This really hit home for me. We often want to be "strong" and work our way through mental health issues on our own even though there is help available. I encourage anyone who is feeling the effects of our current environment to call the Meeker office at 970.878.5112 or the Rangely office at 970.675.8411 for an appointment, even if things appear to be "not that bad." You are never alone, and we are here to help.

Today, I am sharing with some data from the second quarter of 2020. The data speaks for itself on many levels. As you can see from the chart below, our offices have been busy, and while the percentage of positive Covid-19 cases in Rio Blanco County has been smaller than other parts of the state, the pandemic has taken its toll on many residents.

As unemployment financial support is reduced, students go back to school (whether in-person or virtually), and food insecurity increases, the demand for mental health services will likely continue to rise. As this pandemic continues to impact our community, we are ready to help those facing mental health or substance use issues.

Very Best,

Michelle Huber, BS, CAC III

EXECUTIVE ORDER

Declaring that Conditions of Extreme Fire Hazard Exist and Ordering Temporary Fire Restrictions in the State of Colorado

Pursuant to the authority vested in the Governor of the State of Colorado and, in particular, pursuant to Article IV, Section 2 of the Colorado Constitution and C.R.S. § 24-33.5-1225, I, Jared Polis, Governor of the State of Colorado, hereby issue this Executive Order declaring that conditions of extreme fire hazard exist and ordering temporary fire restrictions in the State of Colorado to reduce the risk of new fires.

I. Background and Purpose

High temperatures and dry conditions have resulted in high fire danger and extreme fire behavior throughout much of Colorado. The entire state is experiencing abnormally dry or drought conditions, and approximately sixty percent of the State is in severe or extreme drought conditions as classified by the United States Drought Monitor. On June 22, 2020, I activated the State's Drought Mitigation and Response Plan, which formalized a cabinet-level Drought Task Force as well as an Agricultural Impact Task Force to assess and track impacts of the drought and increase coordination across our local, State, and federal partners. Already this year, 797 wildfires have burned over 184,766 acres across the State. These conditions attest to the continuing threat to life, health, and property posed by wildfires on Colorado's public and private lands. Fire restrictions are currently in place in 46 counties.

As of August 18, 2020, the Pine Gulch Fire in Mesa and Garfield Counties has burned over 93,000 acres, making it the third largest fire in Colorado history. The Grizzly Creek Fire in Garfield County has burned over 29,000 acres, forced the closure of Interstate 70, and is threatening critical infrastructure. Grizzly Creek is the number one priority fire in the nation as of August 18, 2020. The Williams Fork Fire in Grand County has burned over 6,500 acres and the Cameron Peak Fire in Larimer County has burned over 14,000 acres. Over 470 homes have been evacuated across the State as a result of the Pine Gulch, Grizzly Creek, Williams Fork, and Cameron Peak Fires.

Given these facts, conditions of extreme fire hazard exist across the State. The State's top priorities are protecting life, property, and protecting and reopening Interstate 70. This Executive Order temporarily restricts fires in the State of Colorado, with limited exceptions, to reduce the risk of new fires and protect health and safety.

II. Declarations and Directives

- A. Conditions of extreme fire hazard exist in Colorado.
- B. I order temporary fire restrictions in all counties in the State of Colorado in accordance with this Executive Order, for the duration of this Executive Order.
- C. For purposes of this Executive Order, fire restrictions include the following:
 - i. Any outdoor fire except as specifically allowed by Section II.D. of this Executive Order, including but not limited to campfires, warming fires, and charcoal grill fires;
 - ii. Fireworks;
 - iii. Explosives;
 - iv. Smoking, except in an enclosed vehicle or building, a developed recreation site, or while stopped in an area at least six (6) feet in diameter that is barren or cleared of all flammable material;
 - v. Operating a chainsaw without a United States Department of Agriculture or Society of Automotive Engineers approved spark arrester properly installed and in effective working order, a chemical pressurized fire extinguisher kept with the operator, and one (1) round point shovel with an overall length of at least thirty-five (35) inches readily available for use;
 - vi. Welding or operating acetylene or other torch with open flame except in cleared areas of at least ten (10) feet in diameter and in possession of a chemical pressurized fire extinguisher;
 - vii. The use of tracer ammunition or any ammunition with an incendiary component, and the use of novel explosive shooting targets with Tannerite or other similar substances, that would explode and create heat or fire upon impact; and
 - viii. Any other activity that poses a significant risk of starting a fire.
- D. The fire restrictions in this Executive Order do not include fires in:
 - i. Liquid-fueled or gas-fueled stoves;

- ii. Fireplaces contained within buildings;
 - iii. Charcoal grills at private residences;
 - iv. Constructed, permanent fire pits or fire grates within developed camp and picnic grounds or recreation sites;
 - v. Portable stoves, lanterns using gas, jellied petroleum, pressurized liquid fuel, or a fully enclosed (shepherd type) stove with a one-quarter (0.25) inch spark arrester type screen; and
 - vi. Fires in connection with prescribed or controlled burns for agricultural or irrigation purposes along ditches located within and completely surrounded by irrigated farmlands where such burning is necessary for crop survival and where specific written approval has been granted by the sheriff of the county where the prescribed burn will occur.
- E. Pursuant to C.R.S. § 24-33.5-1223, county sheriffs shall enforce this Executive Order and all State forest fire laws.
- F. This Executive Order does not supersede more comprehensive or inclusive fire or open burning restrictions that have been or may be established by Colorado counties, municipalities, or other political subdivisions of the State. Where permitted by law, including by Executive Order, counties, municipalities, or other political subdivisions of the State may ban any or all of the fire exemptions listed in Section II.D. of this Executive Order when local officials determine that a more restrictive ban is appropriate and warranted given fire danger and other conditions in their localities.
- G. Any exemption to the fire restrictions set forth in this Executive Order must be granted by a county sheriff, or by the administering federal agency if on federal lands, and only if the proposed burn is deemed by the county sheriff or administering federal agency to be safe and subject to mitigation. Should a fire result from an exemption to this Executive Order granted by a county sheriff or the administering federal agency, the State of Colorado may, and likely would, deny access to State funds to pay for the costs of such fire.
- H. With the exception of Section II.C.vii. of this Executive Order, the fire restrictions in this Executive Order do not apply to the legal use of firearms, including hunting or use at a shooting range. People engaged in the legal use of firearms are advised to follow all State and local laws and take every possible precaution to avoid actions that could spark a fire. Individuals using firearms should take extreme precaution in backdrop selection of areas with flammable solids or debris that could ignite during the activity. Target shooters who start wildfires may be responsible for the suppression costs of the fire.

III. Duration

This Executive Order shall be effective at 9:00 AM on August 20, 2020, and shall remain in effect for thirty (30) days, unless extended further by Executive Order.

GIVEN under my hand and
the Executive Seal of the
State of Colorado, this

This annual Labor Day celebration has a long history of providing family fun. Do not miss our Annual Craft Fair in the Park on Monday, September 7.

The Rangely Recreation Center, its business members and lots of volunteers pull off this event each year, and we look forward to seeing you this year!

Good afternoon!

Thank you all for helping make Rally Colorado 2020 a success! We could not have done it without each of you and your teams. We are eager to start planning for 2021 and hear how we can improve and grow from this year to make it even better.

Just a friendly reminder that we will not host a large call this week with everyone but we are planning for a more broad debrief next week on Thursday, August 27th, 6-7 pm MT.

We look forward to speaking with you next week!
