

SECTION 00100

ADVERTISEMENT FOR BID

Sealed BIDS for construction of the Town of Rangely Halfturn Road Waterline Replacement and Street Rebuild 2024 will be received by the Town of Rangely at Town Hall, 209 E. Main Street, Rangely, Colorado, 81648, until 3:00 pm Thursday, June 6, 2024, at which time they will be publicly opened and read aloud. Electronic bids accepted per requirements of Section 200.

The project consists of the replacement of approximately 1220 LF of 6" waterline in existing residential streets including reconnecting 31 services, and 2 new fire hydrants. This will require careful construction techniques to minimize damage to existing services and other utilities. The majority of the work is in paved road sections, which will be milled prior and repaved under separate contracts. Clearing and grubbing, and replacement of sections of concrete curb and gutter, any concrete valley pans and driveway sections removed during installation of service lines between corporation stops and curb stops, and replacing north and east side sidewalks are parts of separate contracts. Rebuilding the street cross section including for curb, gutter and sidewalks in preparation for paving and concrete is part of this contract. There is a base bid scenario that involves more excavation and fill placement to stabilize the road cross section, and a bid alternate scenario that requires a geogrid to stabilize the road and allows less excavation and fill work, described in project documents. Contractors should provide pricing for both. Coordination with Town and other contractors will be required.

The Town of Rangely will pre-purchase and provide all pipe, service lines, valves, tees, ees, corporation and curb stops, tracer wire, blind flanges, mechanical joints, fire hydrants, sand, Class 2 and 6 fill, and geogrid. The contractor is responsible for all other project materials and incidentals. Time is of the essence, so Contractor's estimated start and completion dates will be considered along with bid price. A Bid Bond will be required. Proof of Insurance, and Performance and Payment Bonds equal to 100% of the bid amount will be required upon contract award.

A mandatory pre-bid meeting will be held at 11:00am, Thursday May 23, 2024, at the Town of Rangely Town Hall located at 209 E. Main Street (Hwy 64) in Rangely, Colorado, followed by a site visit to Halfturn Road. All questions pertaining to the project shall be directed to

Jocelyn Mullen, PE, through email at jmullen@rangelyco.gov no later than May 29, 2024 at 3 pm. Electronic documents are available free of charge after May 13, 2024 from the Town of Rangely. Documents are available for review at Town Hall. This project is being funded by the Town of Rangely Water Enterprise Fund and the Department of Local Affairs (DOLA) Energy/Mineral Impact Assistance Grant Funding.
